

## Secretary Benson To Announce Price Supports On Grain

By JACK BELL

WASHINGTON (AP)—Secretary of Agriculture Benson was reported in congressional circles today to have decided to continue price supports on oats, barley and rye—a move which would counter one phase of reputed farm dissatisfaction.

Such a decision by Benson, expected to be announced soon, would be aimed at reassuring farmers as the winter grain planting season starts against the possibility of disastrous price drops later.

### Criticism Grows

It might also have the effect of lessening criticism of the secretary, who has been reluctant to approve the present high level price support program. That criticism built up new steam over the weekend.

Announcement of continued supports for prices of minor grains might be interpreted in the farm belt as indicating that Benson is in line with President Eisenhower's statement that the principle of price props must be retained in the new farm program to be sent to Congress early next year.

The congressional informants who told of Benson's decision

asked not to be named.

The minor grains now are being supported at 85 per cent of parity under an order of the previous Democratic administration. Some members of Congress said it was possible that Benson might even raise this to 90 percent, the level at which wheat and corn and some other farm products are supported.

### Confidence Lost

Parity is a calculated price level said by law to give producers a fair return on their products in relation to prices they pay for things they buy. Farmers may get government loans at the fixed percentage of parity if market prices drop below those levels.

Benson's political troubles were emphasized over the weekend when two Republican members of Congress—Sen. Young (ND) and Rep. A. L. Miller (Neb.)—said it is time for Benson to be replaced in the Eisenhower Cabinet.

Young said in an interview that Benson ought to quit the Cabinet "because he has lost the confidence of the farmers." Miller, appearing on a television program, said the secretary has become "a symbol of lost confidence."

## Reds Quit Prisoner Quiz In Huff, Beaten By Balking Koreans

By MILO FARNETI

PANMUNJOM (AP)—Beaten in their demand that Indian troops force defiant Korean War prisoners to listen to Red persuasion teams, the two Communist delegations reportedly stormed out of a Korean repatriation commission meeting today.

The Polish and Czech walkout—reported by reliable sources—threatened a collapse in the tension-ridden interviewing of 23,400 anti-Communist prisoners who refuse to return to their homelands.

### All Coaxing Stalled

The sources, who declined to be named, said the Swedish, Swiss and Indian members of the five-nation commission aided together.

The walkout stalled all activity of the commission, at least temporarily. A commission spokesman said there would be no explanations Tuesday. The Reds had refused to interview Chinese instead of the North Koreans they had asked for. A 1½-hour repatriation commission debate on the matter was ended by the walkout of Czechs and Poles, an informed source said.

The North Koreans have stubbornly refused to move out of their compounds to meet with Red ex-

planation teams.

Only 19 of 921 Chinese interviewed asked for repatriation.

### Over 22,400 Waiting

Six North Koreans who requested repatriation were turned over to the Reds, raising to 131 the number of POWs who have returned to Red rule without first meeting with the Red exclaimers.

In all, some 22,400 anti-Red POWs are in custody of the repatriation commission.

Communist correspondent Wilfred Burchett, who often echoes official Red policy, said one of the main disputes between the Reds and the repatriation commission was over who has the right to determine explanation plans.

Burchett said the Communists believe they have the right to determine whether they will explain to Chinese or North Korean captives and they also want to say when they will talk to the POWs.

## Army Ships AWOL Men To Far East; Runaways Reduced

LOUISVILLE, Ky. (AP)—The Louisville Times quoted Army sources today as saying 6,900 convicted AWOL soldiers have been shipped to the Far East in a crackdown on runaways.

That policy and others covering sterner treatment of runaways has reduced the AWOL and desertion rate 30 per cent since last January, the Times said in a copyrighted story.

## Accidents Fatal To 12 In Michigan

(By The Associated Press)  
Accidents brought death to at least 12 persons over Michigan's warm Indian summer weekend.

Traffic accidents claimed 10 lives, one man drowned, and one man died in a plane crash.

Three persons died in a two-car collision near Homer Sunday.

The victims were Edson B. Grider, 46, of Homer, Leroy S. Kurtz, 69, and his wife Dora, 69, of Jackson. Both cars, sheriff's men said, were in the center of the highway.

The plane crash victim was Frankenthuth Police Chief Nick Resnor, 31. He was killed Sunday when the light plane crashed minutes after it took off from a hay field on Frankenthuth's outskirts.

F. E. Thomas, 48, of Royal Oak, drowned Sunday in Lake Fenton near Flint when his boat capsized. A companion swam a quarter of a mile to shore.

Lawrence Murray, 35, of Belleville, was fatally injured when his car was struck by a train in Wayne County's Romulus township Sunday.

## Abiding Peace Is Churchill's Last Great Aim

By JAMES MARLOWE

WASHINGTON (AP)—Sir Winston Churchill, at 79 and in the twilight of his historic life, is believed to have one final and great ambition as his crowning contribution to civilization.

It is to help, as architect or engineer, to establish abiding peace in the world. As a starter he wants a meeting between himself, President Eisenhower, Russia's Premier Malenkov, and France's Premier Laniel.

Usually at such a top level conference there is an agenda—a program of what shall be discussed, just that and nothing else. There is something to be said for this, and something against it.

### Action Speeded Up

By knowing exactly beforehand what topics they are to talk about, the heads of government can go well prepared to such a conference. They can go with plenty of research, briefing and advice from their experts.

An agenda also makes for a speedier end to a conference than if the men taking part in it had no agenda and were free to wander afield, discussing problems that come to the mind.

So, while a conference with an agenda might be able to concentrate on a few items, it would sacrifice the chance, if any, for a more relaxed meeting which could cover, and perhaps settle, difficulties which somebody just happened to bring up.

### Take Their Choice

The American government takes a different view. Before any top level Big Four meeting, it wants the foreign ministers of the United States, Britain, Russia and France to meet—with an agenda.

Last Wednesday Secretary of State Dulles flew to London to confer with Britain's Foreign Secretary Anthony Eden and France's Foreign Minister Georges Bidault. They had a number of problems to talk about.

Trieste, Korea, and suggesting to Russia some way of getting together with her to talk about a peace settlement on Germany and

## Federal Budget Still In Red Ink

By CHARLES F. BARRETT

WASHINGTON (AP)—Congressional sources said today another federal deficit next year is indicated in the Eisenhower administration's advance budget prospects.

Final decisions have not been reached, they said, but administration officials wrestling with the problem are talking of this general outlook for the budget to be proposed next January.

1. Despite all efforts to balance the budget, defense spending and scheduled tax reductions probably will add up to a red ink figure of from two to five billion dollars for the year starting next July 1.

2. But the "cash" budget, which includes social security trust fund accounts and other items not counted in the regular administrative budget, probably will show a balance for the first time in several years.

This picture came from congressional sources who are in close touch with administrative fiscal planning, but who asked not to be quoted by name.

Revised figures for the current year, ending next June 30, indicate spending of \$72,100,000,000 and revenue of \$68,300,000,000. This would be an administrative deficit of \$3,800,000,000. The "cash" deficit for this year is estimated at a half-billion dollars.

Congressmen said the administration would feel it has made good progress, although not so much as hoped, if it can eliminate the cash deficit next year in the face of scheduled revenue losses. They said administration officials are balking strongly on a balanced administrative budget for the following year.

## Wife Shoots Husband; Sees Nothing Wrong

WHEELING, W. Va. (AP)—Mrs. Sarah Brown Troutman, 43, signed a statement Sunday admitting she shot her husband Aubrey, 63, who was admitted to the hospital with a leg wound. Then she added: "I didn't do nothing' wrong."

"But you just shot a man," a police officer declared.

"He was just my husband," Mrs. Troutman explained.

## Agents Checking On Greenlease Ransom Report

ST. LOUIS (AP)—An investigation of alleged discrepancies in police reports on the arrest of the Bobby Greenlease kidnappers and recovery of half the ransom money was started Sunday night on orders by the St. Louis Board of Police Commissioners.

The board ordered all reports checked and "all persons connected with the arrest" questioned again following published reports that the FBI had found a number of discrepancies in the police account of the case.

Policemen Quizzed  
FBI agents, still seeking \$300,000 in missing ransom money, refused to comment on this report and on reports they have questioned the two police officers who arrested Carl Austin Hall, confessed kidnaper-slayer, and Mrs. Bonnie Brown Heady here Oct. 6.

Hall was arrested by St. Louis Shoulters and Patrolman Elmer Dolan at a midtown apartment hotel on the tip of a taxi driver.

The Post-Dispatch has reported it learned FBI agents had found a number of discrepancies in the police account of Hall's arrest and recovery of about \$293,000 in ransom money from him.

### Money Bags Delayed

The newspaper said police records showed Hall was brought to a district police station following his arrest with two suitcases filled with money but that the FBI had determined no suitcases were brought with Hall to the station. The newspaper said "more than an hour elapsed" after Hall was booked before the suitcases were brought in.

However, Shoulters said, "The bags with the money were delivered to the station at the same time as the prisoners."

## Korean Peace Talks Get Communist OK

By THE ASSOCIATED PRESS

TOKYO (AP)—The Communists agreed today to a U. N. proposal for a meeting at Panmunjom next Monday to make plans for the Korean peace conference, but they insisted on the right to decide there what nations will take part.

The United States and its allies have insisted just as strongly in earlier notes that the preliminary meeting settle only the time and place of the conference.

A Peiping radio broadcast heard here said the Red note—signed by the leaders of Communist China and North Korea—was sent to the United States through neutral Sweden.

The Red note came as there

four-engined craft were killed. At least four others were injured critically and six more were treated for burns and released.

Two of the five crewmen were injured.

Steward Opens Door  
A steward who plunged through flames to open a fuselage door after the passengers were trapped inside the plane was credited with keeping the toll from going higher.

The takeoff came after a delay of more than an hour. The plane was only about 20 feet above the runway when it shuddered and plunged through a grassy marsh about one-half mile from Jamaica Bay.

"It did not hit the ground very

hard," said Reinaldo Betancourt, 38, one of the survivors. "But then one of the motors on the right burst into flames."

### Mass Of Flames

"Flames were shooting upward and the doorway was just a mass of flames," said Leo Core, 33, another of the passengers who was trapped inside the fuselage.

"The heat was terrific, but the steward just leaped through the flames and opened the door."

"If it hadn't been for him, nobody would have had the nerve to jump out."

The steward was listed as Al Foley, with no home address given. He was hospitalized with burns of the hands and face.

## Strikebound Kingsford Plant Reopens; Order Kept By State Police

IRON MOUNTAIN (AP)—Heavily reinforced state police troopers today maintained order at the strikebound Kingsford Chemical plant when non-striking workers reported for the day's first shift.

Eight cars carrying 25 non-striking employees passed through picket lines under state police protection.

The strikers, maintaining picket lines for the 11th day, jeered as the cars entered the plant's main

gate, but no violence was reported.

Company officials and law enforcement officers had anticipated trouble today when management announced it would attempt to resume operations with a normal working force of 200.

Thirty-three troopers were brought in overnight to augment the 28 which have been standing by. State police were called in when skirmishes developed along the picket lines on the first reopening attempt last Thursday.

### Contempt Charge Coming

Two representatives of Attorney General Frank G. Millard also arrived overnight. They are Michael Doyle and Eugene Townsend.

The weekend passed quietly, since the plant does not normally operate Saturday or Sunday.

Management's avowed attempt to get a full crew of 200 through picket lines, however, heightened tension.

Doyle and Townsend were here primarily, they said, to seek a contempt of court citation against Roland Tremain, a striker enjoined with 22 others several weeks ago from obstructing streets or railway spurs near the plant.

Tremain and Arthur Dahl, 27, of Iron Mountain, were arrested Friday and placed under \$25 bond.

Tremain was accused of swinging a

## Drop In Cattle Prices Halted

WASHINGTON (AP)—The Agriculture Department forswore an end today to the persistent drop of cattle prices—one of the big farm problems plaguing Secretary of Agriculture Benson.

No great over-all change in meat prices is likely next year, the department said.

Prices in 1954 are not expected to average lower than this year, but at the same time are not likely to regain their levels of a year or two ago, the department said. Cattle prices have been trending downward for more than a year.

The prospect for next year, the department said in a summary of the situation, is for continued large slaughter but more price stability for cattle. Hog production will increase next year with some lowering of prices in the fall, it said.

Secretary Benson has announced he is making an investigation of the difference in the price being paid to the cattle producer and the price being charged the housewife in the butcher shops to see if markups are too large.

The department reported the supply of fed beef next year is likely to be smaller than this year but the supply of grass beef will be as large as this year.

The department said the forecasts of probable supplies are based on assumption that no widespread drought or sharply weakened demand for meat will appear.

## Dulles Pleased Over Results Of London Session

LONDON (AP)—The Big Three foreign ministers have invited Russia to meet with them next month to discuss Germany, Austria and European security. Winding up a three-day conference Sunday night they also took dramatic steps to deal with all other major tensions threatening the world.

The three—U. S. Secretary of State Dulles, British Foreign Secretary Eden and French Foreign Minister Bidault—also invited Italy and Yugoslavia to a five-nation meeting on the Balkan powder keg issue of Trieste.

### Round Table Proposed

During these intensive meetings the top Western diplomats also discussed Korea, the possibility of a later meeting of the Western chiefs of state with Soviet Premier Malenkov, the turbulent Middle East questions with emphasis on the latest Israeli-Jordan border flare-up and France's seven-year war against the Reds in Indochina.

The three were reported also to have agreed secretly on a new Korean peace conference plan aimed at ending the present deadlock over its makeup.

There was no official confirmation of this report by a diplomatic informant that the three had agreed on a compromise proposal calling for a seven-nation round-table peace conference including the United States, Britain, the Soviet Union, France, Red China, and North and South Korea. The informant indicated this was aimed at countering Communist demands for the inclusion of a number of neutral nations.

## Roller Coaster Gives Wild Ride

DALLAS (AP)—A runaway roller coaster whizzing an estimated 40 miles an hour smacked into another being loaded at the state fair Sunday night. The impact sent hurt and terrified passengers in the second coaster on a 25-cent nightmare round trip that could not be stopped.

Six persons were injured, none critically.

Fred Mahyall, 21, sitting on a bench in the loading shed, watched helplessly as the runaway coaster bore down.

"Two of my friends had just gotten on the car at the dock. I didn't want to ride. I just sat down to wait for them I saw the other car coming and fast. It must have been going 40 miles an hour."

"Two girls on the incoming car screamed. Then it hit. After that, there were a lot of screams and everybody started pulling people out of the car and stretching them on benches."

The second car was knocked about 20-feet far enough to be hooked by automatic cables that sent it climbing relentlessly up the first steep grade.

Screams filtered down to crowds milling in the busy midway.

Unable to stop it, attendants watched the silver "thrill wagon" complete the three-minute trip around the track. They braked it to a stop at the loading shed.

## Planes Save Hunters

### Marooned By Snowfall

LONE PINE, Calif. (AP)—Pilots hoped moderating weather today would enable them to fly out some 20 deer hunters marooned in the mountains by Southern California's first snowfall of the season.

Low-hanging clouds and an inch or so of snow prevented planes from landing Sunday at Monache Meadows. Two pilots, Ed Roman and Bob White, were poised for takeoffs to evacuate the hunters, most of whom had entered the area by plane or pack train.

## Search Goes On For E. Helgemo

Although no clues have been found to 2 p. m. today concerning the fate of Emil Helgemo, 68, of Danforth, dock worker who disappeared Wednesday morning, there is still the possibility that his body may be found in one of 32 ore pockets at the Chicago & North Western docks which have not yet been checked.

L. A. McMillan, dock agent, today reported that the last 32 pockets to be checked will be emptied following the arrival tomorrow of the Str. Joliet.

There is also the possibility that a report will be received later today from Hamilton, Ont., Canada, where the Str. LeMoine, which loaded out of Escanaba Wednesday morning, is now unloading. The LeMoine was delayed by fog in arriving at her destination with her cargo.

The theory is that Helgemo fell into one of the pockets of No. 6 dock where he was employed as a deck scraper, and that his body is still in one of the pockets or has gone into the hold of ships loading at that time.

## Wm. Anderson To Head Community Chest Drive

William E. Anderson, Lake Shore Drive, Escanaba, attorney with offices at 1111 Ludington Street, has been appointed executive chairman of the Delta County Community Chest campaign, it was announced this morning.

The campaign will get underway the last week in October and likely will continue the first two weeks in November. The Community Chest headquarters is being set-up today in an office adjacent to that occupied by Attorney Anderson on the second floor at 1111 Ludington. The telephone number is 3722.

**Civic Leader**

Anderson has been active in Escanaba community affairs for many years and has had considerable experience in conducting campaigns such as the Community Chest. Funds procured in the Chest drive are used to finance the work of six welfare agencies throughout 1954. Members of the Chest are the Boy Scouts, Girl Scouts, Michigan Children's Aid, Cod Liver Oil Fund, Salvation Army and the Campfire Girls.

The county Community Chest chairman was city leader in the cancer drive in 1951 and county cancer chairman in 1952. Recently, he succeeded the Rev. Joseph Dickson as chairman of the Delta County chapter of the American Red Cross.

In many capacities, Anderson has been actively engaged in both city and county affairs. He has been particularly interested in work with young people and education programs.

**Chamber Director**

He is a member of the Delta County Education Area Study Committee, chairman of the Citizens' Advisory Council to the Escanaba Board of Education, institutional representative to the Boy Scouts of America and a member of the Council for Exceptional Children.

Active in both the Escanaba Junior Chamber of Commerce and the Escanaba Chamber of Commerce, Anderson recently was elected a director and vice president of the latter.

The Chest army of solicitors is being organized, and detailed plans for the 1953 drive will be announced this week.

**Drivers Can Get Courtesy Cards**

Automobile drivers whose operators' licenses expire on or after Oct. 2, 1953 and before Oct. 2, 1956 may receive courtesy cards from law enforcement officers if they are planning trips outside the state.

The sheriff's department will issue such cards to township motorists. Drivers who live in Escanaba or Gladstone can get the courtesy cards from the police department in their city.

The cards advise that licenses showing an expiration date between Oct. 2, 1953 and Oct. 2, 1956 actually are valid until the licensee's next birthday after the date of expiration shown on the license.

**Personals**

Mrs. N. E. Nelson and daughter, Mary, 1412 7th Ave. S., have returned from Moline, Ill., where they visited over the weekend with another daughter, Joan, who is a student nurse at the Lutheran Hospital at Moline.

Mrs. Anna Gunderson has returned to the Lutheran Home in Marinette after spending the past week here as the guest of Mrs. Anna Harrod, 411 S. 10th St. Mrs. Gunderson is a former resident of Escanaba.

Kenneth Walter Racicot, 27, of Turin, today pleaded guilty in Justice Henry Ranguette's court to a charge of driving while under the influence of intoxicants and paid a fine of \$50 and \$8.25 costs.

His operator's license was revoked for three months as required under Michigan statute.

Escanaba police arrested Racicot at 1012 a. m., Saturday, Oct. 17, in the 1300 block, Third Ave. N., after observing Racicot's erratic driving, they reported. He was not involved in an accident.

## Ishpeming Concert Series Opens Nov. 2

"The American Album of Familiar Music" featuring Gustave Haenschen, musical director and conductor, will be the opening program of the Ishpeming Concert Series. The first of the concerts will be presented Nov. 2 at 8:30 p. m. in the Ishpeming High School Auditorium.

This concert has been one of the top ten radio programs in its field for over ten years. It will bring you the songs most frequently asked for from Chopin to Richard Rodgers, from Puccini to Jerome Kern.

Also appearing at the concert will be the great radio, TV and concert artist, Vivian Della Chiesa. She is a distinct radio personality, averaging more than 40 appearances a year as the featured soloist, soprano, on famous programs. Her record number of recitals for one year was reached in 1949 when she sang 90 concerts plus opera, radio, benefits and war work.

## Salesman Held For Hotel Theft

MARQUETTE—Marquette city police have seized a 32-year-old Marinette, Wis. salesman for a series of hotel thefts which have puzzled authorities for a year and a half and today the man was being held in the county jail on a charge of burglary.

Arrested and scheduled to be arraigned Monday before Judge Edward H. Dembowski in municipal court is Gerald Blanchard, married and the father of three children, who signed a confession last night in the Marquette Police Station.

Blanchard, a trusted company man and respected by friends and relatives, reportedly has admitted breaking into rooms at the Hotel Northland here and in several other hotels throughout the Upper Peninsula and stealing money.

**Worked On 'Snorers'**

Blanchard was apprehended by City Police Detective Thomas F. Jernstad and City Patrolman Werner Weiland in a "trap" the pair set for the alleged robber in the Mather Inn in Ishpeming Thursday night.

Detective Jernstad had been working on the case 18 months and the unusual circumstances made it difficult for the seizure until he had collected sufficient evidence to lodge the charge against Blanchard.

Blanchard, who Friday afternoon confessed he operated principally against "snorers" is alleged to have stolen sums of money from guests at the Hotel Northland here, the Mather Inn in Ishpeming and other hotels in the Upper Peninsula.

**Had Guns In Possession**

When apprehended Friday morning by Jernstad and Weiland, Blanchard had in his possession two stolen guns (rifles) which police said were taken in Kingsford Wednesday night.

The unusual circumstances surrounding the case were that in practically each instance a theft was reported, only money was stolen, and no trace of the thief was at first discovered.

For a while police thought the burglaries were the result of an "inside job," but investigations by Jernstad cleared hotel employees and led to the apprehension of Blanchard.

**Attempts Suicide?**

Blanchard offered no resistance when arrested, but at first denied the thefts. When confronted with the evidence and police reports, however, he admitted the burglaries and last night signed a confession.

An admission of guilt came after Blanchard reportedly attempted suicide in his cell at the city jail yesterday afternoon. Police said they found him bleeding profusely after he had cut his left arm, near the elbow, with a glass in which he had been given coffee.

The bleeding was quickly stopped, however, and Blanchard was not seriously hurt. Police assume he had attempted to commit suicide, or obtain sympathy, but said he has not tried to harm himself since then.

Blanchard told police he served 15 months of a one-to-ten year prison term in California for larceny.

## Three Top-Ranking Quartets Sing At Escanaba Saturday

Three of the top-ranking barbershop quartets in the United States and Canada will sing on the program for the sixth annual barbershop harmony concert at Oliver Memorial Auditorium in Escanaba Saturday night.

The all-star aggregations will include the Schmitt Brothers of Two Rivers Wis., international champions who sang at Carnegie Hall last Saturday night; the Four Chords of London, Ont., Canada, second place winners in international competition this year; and the Chicagoans, Chicago, Ill., veterans of numerous radio and TV shows, finalists in four of six international contests.

The Schmitt Brothers joined the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America, Inc., in December of 1949 and won the district championship at Marquette the following year. In 1951 they won the international championship at Toledo, Ohio, and since that time have filled hundreds of engagements in this country and Alaska. In 1952 the quartet traveled over 65,000 miles and made over 100 appearances. On a 10,000-mile trip to Alaska the brothers sang at 52 places in 11 days, entertaining U. S. troops.

The Four Chords, who will fly to Escanaba by plane from London, Ont., were organized back in 1946. In international contests they hold the following record; 1950, fourth place; 1951, fourth place; 1952, third place, 1953, second place. The quartet uses a bass fiddle in some of their numbers.

# 3-Year-Old Boy Struck By Car

John Wescot Jr., 3, son of Mr. and Mrs. John Wescot of Wells, who was struck by a car Sunday afternoon about 3:10 on Electric Ave. in Wells, has a brain injury and his condition is "not good," his doctor said this morning.

Sheriff William Miron's office said John D. Kirkpatrick, 49, of 216 N. 14th St., a fireman-driver at No. 2 Fire Station, was driving north of Electric Ave. when the child suddenly ran in front of his car and was hit. Kirkpatrick was driving his own car, not a Fire Department vehicle at the time.

The sheriff's department said the child ran from the opposite side of the road in front of a car driven by George Mihalic of 15 Highland Ave., Wells, who was able to stop his car without hitting the child.

Kirkpatrick, denies that his car hit the child. He said another car hit the child and threw him into Kirkpatrick's car.

The boy's father is a taxi driver employed by Escanaba Taxi Service.

## Briefly Told

**Enters Clinic**—Miss Belle Harvey, Escanaba City treasurer, left Saturday for Rochester, Minn., where she will enter the Mayo Clinic for examination and treatment.

**Home Entered**—The Lowell Sundstrom home, 210 S. Fifth St., was entered sometime Saturday night or Sunday morning through a basement window, it was reported to police. Nothing is missing, police were told.

**Fire Calls**—Escanaba firemen were called to one business place and to a home in Escanaba over the weekend. One was to the National Tea Company, 1008 Ludington, where an electric motor had overheated, and the other was to the W. A. Curran residence, 21 N. 12th St., an overheated oil burner and chimney fire. There was no loss in either fire.

**Motorists Ticketed**—Escanaba Police have issued traffic violation tickets to the following motorists: Joseph L. Beauchamp, 331 S. 11th St., speeding; Dale R. Krebs, 521 N. 18th St., disobeying stop sign; Rushford R. Richards, 609 Ludington, disobeying stop sign; Patrick J. McDonough, 202 N. 18th St., speeding; Edward Proczak, Powers, disobeying stop sign; Steve M. Rozich, disobeying traffic signal.

**Disorderly Charge**—Charles Wells of Hyde was taken in custody at 3:53 p. m. Sunday in an alley at the rear of the Northern Motor Company and charged with being drunk and disorderly. Wells pleaded guilty in Justice Henry Ranguette's court today and is arranging to pay a fine of \$25 and costs. When police arrived Wells was not driving his car, which earlier had caused damage to the Northern Motor building and a private garage on the alley.

## New Manager Of Iron Mountain VA Hospital Named

Dr. Joseph I. Fitzsimmons, presently chief of professional services at Veterans Administration Hospital, Omaha, Neb., has been appointed manager and chief of professional services of Veterans Administration Hospital at Iron Mountain, Michigan.

He will succeed Dr. Carleton Bates, manager of the Iron Mountain VA Hospital since it was opened in March, 1950, who is soon to retire after 35 years of service. The effective date of Dr. Fitzsimmons' entrance on duty at Iron Mountain has not yet been determined.

Dr. Fitzsimmons was born December 10, 1898. He received his M. D. degree in 1924 from Creighton University, Omaha, Nebraska, following which he served a rotating internship at St. Joseph Hospital, Omaha.

Prior to this, Dr. Fitzsimmons served in the U. S. Army during World War I.

After completing his medical studies and internship Dr. Fitzsimmons engaged in private practice from 1924 to 1929.

## Forest Fire Danger Is High In Area

The entire U. S. Forest Service force in this area was on stand-by duty Sunday, because of high forest fire danger. C. L. Harrison, chief of the Forest Service here, said today. The danger extends through the Upper Michigan National Forest.

Harrison said fire danger was rated "extreme" Saturday. Sunday it fell off a little to "very high." It is expected to continue high today, the ranger station at Rapid River said.

There is less water on the ground in marshes than usual, and many hunters are out. Both factors increase fire danger, Harrison said.

A fire deterrent is the fact that days are now shorter, and there are fewer hours each day when it is easy for things to catch fire, the Forest Service chief explained.

## DeLoughary Rites Will Be Held At St. George Church

Funeral services for Harold J. DeLoughary, 24, Harris, who was fatally injured in an automobile accident Saturday morning, will be held at 9:30 a. m., Wednesday at St. George's Church in Bark River with the Rev. J. J. Dunleavy offering the requiem high mass. Burial will be in Bark River Cemetery.

Friends of the family may call at the Boyle Funeral Home in Bark River beginning today.

Harold J. DeLoughary was born in Harris Sept. 20, 1929. He was graduated from Bark River-Harris High School in 1949. A veteran of the Korean War, he was inducted into the service, Feb. 20, 1951, and was discharged Feb. 20, 1953. He received his training at Ft. Sheridan, Ill., and Ft. Lewis, Wash., and served in Korea over a year with the 25th Division.

He had been employed by the Michigan Bell Telephone Co. since March.

Surviving are his parents, Mr. and Mrs. Thomas DeLoughary Sr., two sisters and two brothers, Mrs. Lester Berger of Niagara, Wis., and Mrs. Leona Veese of Harris, Thomas DeLoughary Jr., of Bay City and Pfc. William J. DeLoughary of the U. S. Army, in Germany. Pvt. DeLoughary left Germany last night enroute home for the service.

Another brother, Patrick J. DeLoughary, MM, U. S. Navy, was lost in action early in 1943 in the Alaskan area.

## Intoxicated Driver Pays Fine Of \$50

Clarence Olson, 46, of Bark River Rte. 1, Saturday pleaded guilty in Justice Henry Ranguette's court to a charge of driving while under the influence of intoxicants and paid a fine of \$50 and costs of \$8.25.

His operator's license was revoked for three months as required under Michigan statute.

Officers of the Delta County sheriff's department arrested Olson Friday afternoon on County Road 535 south of Bark River. His car was not involved in an accident, the officers reported.

## Mrs. Carl Juhl Is 94 Today

Today, Oct. 19, 1953, is the 94th birthday of Mrs. Carl Juhl of 1300 2nd Ave. N.

Mrs. Juhl was born in Germany in 1859. She came to Escanaba, after her marriage to John Juhl in Germany, at the age of 24. Before settling in Escanaba, the Juhs lived in Indiana for several years. Her first child was born there. Mr. Juhl passed away 30 years ago. For the greater part of her life in the United States, Mrs. Juhl has lived in Escanaba and Ford River.

"I enjoy life a great deal," she said.

Although she doesn't have any particular hobbies, Mrs. Juhl finds plenty to occupy her time. She does her own shopping and many little tasks around the home.

Mrs. Mike Mileski, daughter with whom Mrs. Juhl makes her home, stated that her mother especially likes to walk. Mrs. Juhl quickly added, "I don't walk slow either!"

A quiet family gathering will be held at the Mileski home today to celebrate Mrs. Juhl's birthday anniversary. She has four children, eight grandchildren, 26 great grandchildren and 6 great great grandchildren.

## Hotel Caterer Will Manage Dining Car Service For C&NW

The manager of a nationally famous hotel catering service has been elected by the Chicago and North Western Railway system to manage its dining car service.

This was announced today by J. E. Goodwin, vice president in charge of operation, who revealed that Henry C. Sengfelder, formerly manager of the Hotel Sherman catering service and the College Inn, has become manager of dining car service for the railway.

Commenting on the appointment Goodwin said that it was an innovation in the railroad industry to bring in a food expert not necessarily familiar with the specialized problems of railroad service.

"While there are certain fundamental problems in the operation of railroad dining service, we hope that some of the food methods and administrative techniques developed in the nation's great hotels can be applied to dining car service with the two-fold purpose of further improving and refining our cuisine and creating greater efficiency," he said.

## Ford River Lions Begin Constructing Community Building

Ground breaking for the Lions Community Building at Ford River was held yesterday, at the site of the proposed building. It will be located north of the Ford River Mill School on Ford River Road.

Metal forms were being laid to construct an all concrete floor and the walls which will be of concrete block will be erected this fall if the weather permits. The building will be 30' x 50' in size and will be available to the Parent Teachers Association, 4-H groups and other civic groups.

Upon completion, the building will also be available for rental to other types of gatherings in the community.

The Ford River Lions purchased two lots three weeks ago, and Mr. and Mrs. Phil A. Miron donated another lot connected to the others. The land owned by the Lions Club now totals five acres, which later will be developed into a picnic and playground park area.

## LOST 20 POUNDS Peppy and Refreshed Husband Likes Result

"I lost weight slowly and easily with Rennel and it has done wonders for me. In four months I lost 20 pounds taking it just once a day and sometimes not at all. It was just as easy as that," writes Gertrude Houtshi, 6333 Farr St., Detroit, Mich. "Before taking Rennel Concentrate I could hardly do any work but now I do all my housework easily. I used to feel nervous and have a lot of trouble with my stomach. Since taking Rennel that is all gone and again I can eat all the kinds of food I like. I feel fine and look younger, thanks to Rennel. Even my husband says I look so different, so peppy and refreshed."

Many people find a tonic in Rennel and what a compliment for a wife, friend or employee to hear some one say, "You look so refreshed." That suggests you are a nice person to be with. If you have a handicap you owe it to yourself to give Rennel a fair trial. At your favorite drug counter. Priced at \$1.40.

## Noa Announces 7 Assignments

Assignments involving seven priests in the Upper Peninsula were announced Saturday by the Most Rev. Thomas L. Noa, D. D., bishop of the Catholic Diocese of Marquette.

The assignments and appointments take effect on Tuesday, Oct. 20. They are as follows:

**The Rev. Thomas J. Anderson** has been relieved of his duties as pastor of Sacred Heart Church, L'Anse, at his own request, due to reasons of health, and named pastor of St. Mary's Church, Hermansville.

**The Rev. Casimir J. Adasiewicz**, superintendent of St. Joseph's Home and Holy Name Mission, Assinins, has been appointed pastor of Sacred Heart Church, L'Anse.

**The Rev. Frederick L. Hoffman**, of St. Mary's Church, Hermansville, has been named administrator of St. Mary's, Star of the Sea Church, Atlantic Mine, and Holy Family Church, South Range.

**The Rev. Edward J. Wenzel** has been assigned as chaplain and assistant superintendent of St. Joseph's Home and administrator of Holy Name Mission, Assinins. Father Wenzel formerly was assistant at St. John's Church, Marquette, and has been temporarily assigned to his present post last.

**The Rev. Gervase T. Brewer**, of St. Andrew's Church, Nahma, to pastor of St. Rita's Church, Trenary, and St. Theresa Mission, AuTrain.

**The Rev. Glen J. Weber**, chaplain of Camp Plagens Retreat Center, to assistant at St. Ignatius Church, Houghton.

**The Rev. Louis P. Brackett**, assistant at St. Ignatius Church, Houghton, has been assigned to serve as chaplain in the Armed Forces, and is awaiting his commission.

Bishop Noa also announced that the mission of St. Mary Magdalene, Cooks, has been detached from St. John's Church, Garden, and will be attached to St. Andrew's Church, Nahma.

## Capacity Crowd Enjoys Concert

A capacity crowd last night attended and enjoyed the first in a series of organ concerts sponsored by the Bethany Lutheran Church. The concert was held at the church beginning at 7:30 p. m.

The concert was presented by Henry Beard, noted organist, and his wife, Maud Nosler, soprano, widely recognized oratorical specialist and Bach interpreter. Both of the guest artists gave outstanding performances. Maud Nosler sang seven solos, particularly delighting the audience with her rendition of a Swedish folk song, "Children of the Heavenly Father." Mr. Beard offered nine organ pieces, and he also accompanied his wife. At the end of the program, they presented an encore.

The second in the concert series will be presented by Dr. E. Ryden, organist and hymnologist, Nov. 1, Sunday at 7:30 p. m.

## Let's Enjoy Interim

WE can take heart now from the fact that the UN representatives and the Communist leaders have agreed at last to meet Oct. 26 in Panmunjom to consider the time and place for a Korean political conference.

For a while it looked as if no meeting would ever take place. There still is no final assurance on that score. But at least we will be able to "negotiate" about the negotiations," which must always be regarded as a step forward in any dealings with the Communists.

If the talks about the conference at Panmunjom fail, it will probably be on the issue of allowing neutrals attendance. The United States still is firm in opposing a wide-open convocation. Thus far other UN nations have stood by the UN General Assembly decision in support of this attitude. Whatever the outcome, we should at least enjoy this little interim of revived hope while we can.

## Words, Wit & Wisdom

By William Morris

In recent years the word "phobia" has become widely used—and almost equally widely abused. Just the other day I overheard two women talking in a bus. One remarked: "I've got a real phobia about subways. Give me a nice uncrowded bus every time."

Now it's possible that this good lady really meant what her words implied—that she is a victim of claustrophobia, the morbid fear of confined places, or of bathophobia, the dread of deep underground places. But it is much more likely that she merely meant that subways are distasteful to her.

So she might much better have said, "I have a real dislike for subways," or, though entire accuracy have slipped into Scottish dialect and said, "I've a scunner against subways."

But not a "phobia!"

Many dozens of words in the language of medical and especially psychiatric science incorporate the word "phobia" or "probe." A few of general interest follow. An aleurophobe is a person who fears cats while a cynaphobe dreads dogs. If you shy away from strangers, if the thought of meeting the unfamiliar is thoroughly distasteful to you, you are a xenophobe.

A person who fears the open spaces is an agoraphobe, while a person who fears depths—like our bus rider above—may be a bathophobia, as well as a claustrophobe. And if you ever chance to run into a person who suffers from a morbid fear of blushing, the name for him is eruthophobia.

My own favorite phobia—perhaps because of the number of letters in my name or the fact that I was born on the thirteenth of the month—is triskadekaphobia—dread of the number thirteen. Not that I fear thirteen: I consider it my lucky number. As a matter of fact, I guess you'd have to call me a triskadekaphile!

## The Doctor Says . . .

People Have No Business Giving Medical Advice Which Will Frighten

By EDWIN P. JORDAN, M. D. — Written for NEA Service

Sometimes I get irritated with people I have never seen who seem to take some kind of delight in frightening their neighbors about something they themselves know very little.

Q—Three years ago my daughter had polio and her doctor has now told me that she may need a spinal fusion. Ever since I have told our friends about this I become frightened because everyone knows someone, it seems, who knows someone else who had a spinal operation and became paralyzed. Can you elaborate on this a little?

Mrs. E.

A—Your friends have no business frightening you. What probably happened to your little girl is that she has severe muscular weakness in some of the muscles supporting the spine. The doctor probably fears that this weakness is so severe that the spinal bones may buckle and injure the delicate spinal cord inside, leading to paralysis of the lower part of the body. The operation suggested, therefore, is to fuse the bones so that they will become stiffened and support the back, thereby eliminating this danger. Such an operation is aimed at preventing paralysis, not causing it.

Q—My friend says that when a woman's tubes are either cut or tied, the woman still menstruates; I think the opposite. Which

of us is right?

A—Your friend is right.

Q—My two-year-old granddaughter walks pigeon-toed and somewhat on her tiptoes. Do you think she will outgrow this, or what is the remedy?

A—Small children, just learning to walk, often do not have as much control over their feet as they will later on. Of course, if this continues for too long, it should be studied by a physician because if any correction is needed, it should be done early.

Q—I have a small, hairy mole near my left temple which has always been dark brown. Recently it has turned lighter and now is the same as the surrounding skin. It is no longer. Is there any significance to this? I keep reading that one of the danger signs of cancer is a change in the color of the mole. Does it mean darker or lighter?

A—If a mole is beginning to cause trouble it will probably grow both darker and larger.

Q—Is it possible to remove the fallopian tubes from one person and transplant them into another?

A—So far as I know, this has never been done successfully, and I imagine that plastic surgery of this type is a long way off.

## Merry-Go-Round

By DREW PEARSON

KANSAS CITY—Cattlemen all over the South and West are raw and bleeding these days from a drought which no man could prevent and from cascading prices which they think a certain man in Washington might have slowed up.

On top of all this, salt has been rubbed in their wounds by one of the most notorious flouting of the cattle-smuggling laws in the history of the nation, plus the failure of the Eisenhower administration to do anything about it.

Adding to it all is the fact that Ike's host in New Orleans, Attorney John Minor Wisdom, a power in Republican politics, is the man defending the cattle smuggler. So far he has been miraculously successful.

The scandal involves the smuggling of \$1,000,000 worth of prize cattle from Mexico into Louisiana last May. The man arrested for the smuggling is Alphe A. Broussard of Lafayette, La., who, despite a ban by the Mexican government, purchased 65 head of Charolais cattle, originally bred in France, and smuggled them across the Rio Grand near El Paso.

From this point the cattle were trucked in a criss-cross route across Texas to southern Louisiana, then by truck another 200 miles to Tensas Parish in Northern Louisiana.

### HOOF-AND-MOUTH DISEASE

The anger of southwest cattlemen over the smuggled herd is caused first by the fact that they came from a hoof-and-mouth-disease part of Mexico; second, by the fact that not a single step has been taken to punish the offenders.

Though most of Mexico was taken off the hoof-and-mouth disease infected list in 1952, one area still is quarantined—Puebla. The Charolais cattle came from Puebla. Not only did the Mexican government refuse to permit their export, but no attempt was made to get permission from American authorities.

As a result, protests have poured in on the Agriculture Department from cattlemen and state veterinarians as far away as New Jersey, pointing out that millions of dollars have been spent slaughtering American cattle herds in the past when they became infected with hoof-and-mouth disease; also that a revolution threatened in Mexico when the United States demanded the slaughter of Mexico's infected herds, even though U. S. taxpayers paid millions to Mexico to compensate for the slaughter.

However, nothing has happened. A. A. Broussard, owner of the herd, was arrested June 4 and released on \$2,000 bond. Since then no move has been made to prosecute him.

### POWERFUL FRIEND OF IKE'S

Reason may be that Broussard was smart enough to retain as his attorney Ike's best friend in Louisiana, John Minor Wisdom. One of the ablest and most charming attorneys in the South, Wisdom swung the Louisiana delegation to Ike at the Chicago convention and, since the election, was given the job of building up the Republican party in Louisiana.

One of the first things Wisdom did was appoint his friend, Theodore Lyons, as collector of customs in New Orleans. Mr. Lyons took the oath of office July 6, just after Broussard was arrested for cattle smuggling. It is Commissioner Lyons' duty to help prosecute any violation of the smuggling laws.

Shortly thereafter, Mr. Wisdom appointed his friend, T. Fitzhugh Wilson, as U. S. attorney in Shreveport. This is the district where the smuggled cattle are now peacefully grazing, unaware that they have stirred up such a furor in the cattlemen's world. It is also the district where Broussard would be prosecuted. But no move for prosecution has been made by Wisdom's friend, U. S. Attorney Wilson.

Naturally, a lot of cattlemen throughout the Southwest are asking why.

Note—The controversial Charolais are quarantined near Lafayette on rolling land drained by a creek emptying into the Vermilion River, which for 40 miles to the gulf of Mexico is lined by pasture land and cattle ranches—ideal for the spread of hoof-and-mouth disease.

## Questions and Answers

Q—Are there agencies other than the Government Printing Office which are directly under authority of the Legislative Branch?

A—Three. The General Accounting Office, the Library of Congress and the Botanic Garden. All other government agencies are either Executive or "independent" offices.

Q—Why is the building in which Congress meets spelled "Capitol" while the District of Columbia is called the "Capitol?"

A—"Capitol" is from the Latin capitalis, derived from caput, meaning head. From this primary meaning, it came to denote chief, or principal city. "Capitol," although also derived from caput, originally meant the temple of Jupiter, on the Mons Capitolinus in Rome, where the Senate met.

## Into The Past

### 10 YEARS AGO

Escanaba—Establishment of pressure groups to demand peace among nations was the primary formula for world peace presented by Ely Culbertson in a lecture here. This attitude, he claimed would eventually bring about some plan that would be fool proof.

Manistiquie—A wet and heavy fall of snow ruined many trees and disrupted power and telephone service here.

Gladstone—John P. Adler, of Marshfield, Wis., district governor of Rotary, addressed the local Rotary club.

### 20 YEARS AGO

Hollywood—Ann Dvorak, film star was bitten by a rattlesnake while on location in filming "Massacre" a play based on a book written by Robert Gessner. Prompt treatment saved her from any ill effects of the bite.

Escanaba—An attempt to burglarize the safe in the office of the Industrial Finance corporation, south 7th street, has been reported to police by C. E. Kelso.

## "Boo!"

## Good Evening . . .

By CLINT DUNATHAN

PARKING TICKETS—When is a parking meter ordinance violation not a violation?

That is the question that has stumped some of the best minds in Escanaba and other communities, and no completely satisfactory answer has ever been devised except one:

A violation is a violation when it is a violation.

And if the above sounds a bit like a parody of the late Gertrude Stein's "a rose is a rose is a rose" it is intentional. Miss Stein may have confused but she was emphatic in her confusion.

After hearing a discussion of enforcement of the Escanaba parking meter ordinance by Escanaba City Council, retailers, merchants, law enforcement officers and the general public we have concluded that confusion is not confined to one individual or groups of individuals.

COURTESY TICKETS—Some communities with parking meters have what is described as "courtesy card" or "courtesy ticket" for want of a better name.

These "courtesy" cards or tickets are handed out by the officers of the law instead of a parking meter violation ticket. They are supposed to go to "visitors" but just what or who a "visitor" is has not been defined in the Escanaba parking meter ordinance. Therefore the officer would have to rely upon his own discretion and good judgment in handing out a "courtesy" card to a "visitor."

In discussion of the subject by the City Council there has been nothing said to guide an officer in separating the "visitors" from the "local residents" unless it be mention of "visitors" as motorists coming here from Lower Michigan or from out of the state.

LINE OF DEMARCATION—Suppose, for the sake of supposing, you supplied a police officer with two bundles of traffic cards: One, the "courtesy" cards that excuse violations, and the other the real thing that brings the violator in to pay his fine.

He has not been otherwise instructed except to give the "courtesy" card to "visitors."

Anyone living outside the corporate limits of Escanaba is a "visitor" to the city. Should they all receive courtesy cards?

Or to be less generous, why not give "courtesy cards" only to those who reside outside of Delta County. But how determine if they are "outsiders"? Some Delta residents purchase their car licenses in other counties; or perhaps they may buy a car with an "outside" license. Should they have to pay?

Escanaba is a friendly city and an integral part of the Upper Peninsula region and the State of Michigan. Shouldn't we excuse all Michigan visitors from parking meter violations?

And if we excuse all Michigan residents that includes the people of Escanaba, which brings us right back where we began. Escanaba citizens, technically, are visitors in their own community, for they are citizens of Michigan and should not be subject to discrimination and penalized simply because they happen to reside here.

THE ABSURDITY—We have heard occasional complaints that the giving of parking violation tickets to visitors is "bad for local business."

This deleterious activity on the part of police should therefore be stopped at once, say the complainants.

One Escanaba merchant described a situation in which a prospective customer in an outlying Delta County community preferred to send to a downtown city for what he wanted because "four people do not like Escanaba's parking meters."

Well, the prospective Escanaba customer sent his order to a town in Lower Michigan where they have about three times as many parking meters as they have here.

Other Escanaba merchants say that tourists (also classified as "visitors") should never have to pay for parking in town. They like a "courtesy card" issued in one U. P. town, which says:

"This card entitles you to park your car on the streets as long as you wish. There is NO time limit for you." And in the fine print it adds: "Penalty if used by local residents."

WHICH CUSTOMER—We have also heard complaints on the part of Escanaba people, mostly the ladies who spend most of the money, against the very thought that a "visitor" should be allowed to park for free while they have to feed the meters with coins.

"My money is just as good as a tourist's and I buy more in Escanaba in one year than any tourist does when he comes here even for the whole summer," said one housewife.

So the question of parking meter violations, free parking and no penalties for some, violation tickets and payment for others, can be answered from several viewpoints, none of which are in agreement.

The solution, it appears, is to rely on the ordinance and the conclusion that a violation is a violation when it is a violation.

Easy lies the head of the family when he comes home late.

## California Boys Carry Their Yodels To Swiss; Africa Next

YANKEE YODLERS IN SWITZERLAND: Left to right, Paul, Ralph and Steve Colwell.

By ROBERT RICHARDS

CAUX, Switzerland — (NEA) —There's a yodel ringing out in Switzerland these days that has everyone listening and smiling — from Robert Schuman, ex-premier of France, to thousands of so-called little people from all over the world.

But this is no Swiss yodel. It comes from the good old U. S. A., right out of Los Angeles, imported into Switzerland by three young men who bill themselves as the Colwell Brothers.

The brothers are Paul, 18, Steve, 20, and Ralph, 16. They are the sons of Mr. and Mrs. W. Paul Colwell of Los Angeles. Colwell, Sr., is a food broker. Paul plays the mandolin and banjo. Steve plays the guitar. Ralph, who is smallest, plays the big bass fiddle. And they sing mountain music.

"We were doing well back in California," said Paul. "And we were very ambitious to do better. For the past two years we have performed on radio and TV in L.A. We also make records. But a Moral Re-Armament team came to Los Angeles. We met them and we believed in the things they're teaching, so we decided to give up records, radio and TV and to come here to Caux to sing and play for MRA."

Mountain House, at Caux, overlooking Lake Geneva, is world headquarters for Moral Re-Armament, which teaches the people who accept it that if they will reform within themselves they can reform the world. There have been 8000 people from all over the world at MRA's International Assembly this summer — from Europe, from Africa, from Asia, from North America — and all of them are crazy about the Colwell brothers.

The brothers use mountain music to put across the ideas of MRA and they dress as American cowboys as they yodel.

Theo Spoerri, rector of the University of Zurich, says, "I have lived all my life in Switzerland. When you say that to a man, he replies, 'Do you yodel?' I say, 'I do not yodel. But I have never heard a Swiss who can yodel along with these Colwell brothers!'"

When Schuman came to Caux several weeks ago, the boys wrote a song especially for him. "He must have liked it," said Paul. "He spoke only French, and so we couldn't say much to him, but he came over to us and shook hands and he was smiling."

When the Colwell brothers come on the platform at Caux, Germans, Indians, Russians, and even British stomp their feet and cry for more. Most of them can't understand the words of the

songs, but they seem to enjoy it just the same.

The wife of Sibnath Banerjee of India is a small quiet woman with solemn dark eyes. Banerjee himself is an impressive, silent figure. He is one of India's leaders in labor. The other day at Caux, when Mrs. Banerjee was saying good-by, the interpreter said, "Mrs. Banerjee has but one request. She wants to hear the Colwell boys before she goes."

Mrs. Banerjee chose the tune, too—"If You Don't Love Your Neighbor, You Don't Love God."

## Florida Ranch Boys Swap Past For Brighter Future

By M. L. PATTON

PALATKA, Fla. — (NEA) —Down in Putnam County, Florida, two dozen boys have exchanged their uncertain past for the promise of a bright future.

Only it's more than a promise now, for those boys, representing eight Florida cities as well as Oklahoma City, Okla.; Ft. Wayne, Ind.; and the state of Pennsylvania, already are working at that future at the Rodeheaver Boys' Ranch for worthy, underprivileged lads.

Their training is practical and realistic. And just to prove that they are taking full advantage of it, the young ranchers are making a name for themselves, individually and collectively.

For instance, in July George Burke and Ronald Reyer were chosen to go with other Putnam County 4-H Club members to St. Louis to spend one week at a feed company's research farms.

George, who is from Orlando, had already won the prizes awarded the winner of an essay contest in the public schools. He and Ronald were chosen by the assistant county agricultural agent to make the trip because of their outstanding work in their projects, the raising of dairy cows and hogs.

Several of the boys have won ribbons with their entries at various Florida livestock shows, particularly with two Herefords given them by Mrs. Loula Long Combs of Kansas, with their Angus heifer, and with the registered Duroc hogs sent them by Harry Boyles and Elwood Laffin of Live Oak, Fla.

They have 11 Duroc hogs, each weighing 150 pounds, as a result of that initial gift, which should bring the boys at least \$30 apiece on the market very soon.

All of the boys are particularly enthused over the recent gift of

four top Herefords—two heifers and two bulls—by the Oscar Nelsons of Lewisburg, W. Va., all from the show herd for 1933.

The chicken business is thriving, too. Roland Reyer and Barry Morrison are doing well with the white leghorns, sent down from Warsaw, Ind., as baby chicks by Hobart Creighton.

They've helped to lay 500 feet of pipe to carry water to the chicken yards and the barns, too.

While ranching and farming is stressed chiefly in their vocational training, the lads have learned plenty about timber this year through actual experience. They have been clearing pine and making some money out of it. The big boys cut it with an axe, and with Superintendent Fred Borg, drag it out with their tractor. Then the sawing crew takes over and, two at a time, the boys start hand-sawing pulpwood into 63-inch lengths.

They're also full of enthusiastic plans for beginning a nursery. It's not all work and no play at the Florida Boys' Town, founded by evangelist Rodeheaver two years ago. They fish and swim and boat from their own dock on the St. John's river, a quarter-mile from their cottages. They ride horses and water ski.

They have their own baseball team, and four of the boys are going out for football at the Palatka high school this year.

So they say

I ought to be put on city work, not county work.—Resident Fort Worth, Tex., jail complains about being lent to the county.

Sure, I would like to be appointed senator.—Mike DiSalle, former Toledo, O., mayor.

## Marriage Unites Jeannine Parker, David J. Krause

Miss Jeannine Ann Parker, daughter of Mr. and Mrs. Charles B. Parker, 1123 1st Ave. N., became the bride of David James Krause, son of Mr. and Mrs. William Krause of Bark River Rte. 1, Saturday, Oct. 17.

The 1 p. m. nuptial service was held at St. Paul's Lutheran Church at Hyde. The Rev. W. L. Henning officiated at the ceremony. Traditional wedding music was played by the church's organist.

**Sisters Attendants**  
Two sisters of the bridegroom, Mrs. John Dupont and Mrs. Sadie Voight, served as the bridal attendants. John Dupont was Mr. Krause's best man, and Ralph Krause was groomsmen.

The bride wore a gown of white satin styled with a ruffled bodice, long tapered sleeves and full skirt extending into a train. Her fingertip veil was caught to a coronet. She carried a bouquet of red roses and white pompons.

A yellow taffeta gown with a ruffled net skirt was worn by the matron of honor. She carried a bouquet of yellow mums. The bridesmaid was attired in an identical gown of tulle. She carried a bouquet of orchid mums. Both wore fingertip veils caught by ribbon bands and flowers.

Mrs. Krause attended her son's wedding in a blue crepe print dress with red accessories. She wore a red rose corsage.

**Wedding Dinner**  
A wedding supper for 20 guests was served at the John Dupont home on the Jaeger Road. White and orchid decorations trimmed the dining room. A large silver bell was fastened in the center of the dinner room accenting the three tier wedding cake, serving as the table centerpiece.

The couple will spend their honeymoon at Chicago where the bridegroom will be employed by the Shell Oil Company. The new Mrs. Krause attended Escanaba Senior High School and the bridegroom is a graduate of the same school.

Melvin D. Jorgenson of Kenosha, Wis., attended the wedding.

## Taffy Keeps Them Busy When The Day Is Stormy

TAFFY PULL keeps youngsters busy on a stormy day.

By CECILY BROWNSTONE

Kitchen fun will keep children busy and happy after school when it's too stormy for outdoor play. Sometimes let small fry have a taffy pull. Mother will need to keep an eye on doings as the candy is cooked and tested. After that boys and girls can be on their own as they pull and twist it into a rope, and scissors-cut it into neat pieces. They'll love wrapping each piece of taffy in a square of waxed or cellophane paper for storing. Nutritious, this candy, because it's made with iron-rich molasses; handy to have on hand to pack into lunch boxes for a sweet treat.

**Pulled Molasses Taffy**

Ingredients: 1 cup sugar, 1 cup light molasses, 1/2 cup water, 2 teaspoons vinegar, 2 tablespoons butter or margarine, 1/4 teaspoon salt, 1/4 teaspoon baking soda, 1 teaspoon vanilla.

Method: Mix together sugar, molasses, water and vinegar in a heavy 4-quart saucepan. Stir over low heat until sugar is dissolved. Cover and boil 3 minutes. Uncover and boil over moderate heat until candy thermometer registers 280 degrees, or until syrup dropped in cold water separates into threads that are hard but not brittle; stir often toward end of cooking period to prevent scorching. Remove from heat.

Blend in butter, salt and baking soda. Pour onto oiled marble slab or shallow enameled pan. As candy cools, turn edges with a spatula toward center to insure even cooling. Sprinkle vanilla over candy. When cool enough to

they will report to Ft. Riley, Kan., for basic training.

## Riot Wears Out At Iowa State

AMES, Iowa (AP) — A football victory riot of approximately 4,000 Iowa State College students wore itself out early today after 80 police officers tried in vain with tear gas to put down the demonstration.

Traffic on the transcontinental Lincoln Highway U. S.-30 had to be detoured for more than an hour after the students threw a road block of drainage tile across it.

The students, celebrating a 13-6 homecoming football victory over Missouri Saturday, began demonstrating after their demands for a Monday holiday from classes were refused.

Dr. James Hilton, president of the college, was out of town when the students marched on his home chanting "no classes." There were about 300 in the group.

The students then marched through the sorority, fraternity and dormitory areas gathering reinforcements. After a second trip to Hilton's home again produced no response, a sit-down strike on the highway followed.

## Dulles Happy Over Action Taken At London Conference

(Continued From Page One)

meeting alone with Soviet Premier Malenkov.

At the end of the meetings, Dulles took a plane Sunday night for the United States and Bidault flew back to Paris. Before leaving Dulles said he was "very happy about the conference as a whole."

Western notes were handed to the Kremlin by the American, British and French envoys in Moscow proposing a Big Four foreign ministers' conference Nov. 9 at Lugano, Switzerland. The conference would try to end the deadlock over unifying Germany, giving occupied Austria her independence and assuring security throughout Europe, presumably through a series of East-West non-aggression pacts.

### Menace In Jordan

During their talks, the three also had called for an urgent session of the U. N. Security Council to discuss the threat to Middle East peace posed by the attack of Israeli troops Oct. 14 on the Jordan border village of Kibya in which Jordanian 66 persons were killed.

In proposing the Big Four conference, the Western allies brushed aside an earlier Soviet proposal for a Big Five conference—including Red China—to discuss world tensions. They commented the Chinese Communists would have their say at the projected Korean peace conference, whose object "precisely is to remove one of the major sources of tension in the Far East."

The three Western notes to Moscow said if the proposed talks at Lugano succeed, the way may be cleared "for discussion of other major questions and for restoring necessary conditions for peaceful and friendly relations among nations."

## Won't Wear Stripes

SINGAPORE (AP) — Singapore's 400 postmen threatened today to take a strike ballot if the government tries to make them wear uniforms with red stripes down the side of the trousers.

At a meeting, the postmen termed the new uniform more suitable for circus clowns than mail carriers and voted to reject them. The government has asked them to try the uniforms for six months but the postmen refuse.

## County Supervisors Approve Prison Camp Near Interlochen

TRAVERSE CITY (AP) — The Grand Traverse County Board of Supervisors has approved the building of a prison work camp near the National Music Camp at Interlochen.

But a temporary Circuit Court injunction against the project will hold things up at least until a hearing Friday.

The injunction, obtained Oct. 10 by Dr. Joseph E. Maddy, president and founder of the music school, halted construction on the camp. Dr. Maddy said parents would object to sending their children to a music camp near a prison. Plans called for the construction at Mud Lake, less than six miles from the school.

Meanwhile, transfer of the camp to Manistee County is being considered by S. J. Gillman, director of conservation prison camp work.

## Gen. Dean, In Army 30 Years, Reports To Take New Job

BERKELEY, Calif. (AP) — Maj. Gen. William F. Dean, a Medal of Honor winner who recently came back from three years of Communist imprisonment in Korea, will leave for Washington and Army re-assignment tonight.

Dean will report to Chief of Staff Gen. Matthew B. Ridgway. Although he has completed 30 years service, Dean said he was not ready to retire.

"I'm not an old man yet," said the 54-year-old hero of Tacson. "I'll have to see what the Army wants to do with me."

## Wall Street

NEW YORK (AP) — The stock market slipped slightly today without uncovering any signs of weakness.

The decline was not surprising to Wall Street because of the vigorous nature of the advance last week. Profit-taking after sustained advances always is anticipated.

Price changes covered a range of about a point either way. There were enough plus signs present in all sections of the list to impart an air of steadiness to the proceedings.

Railroads were lower on balance as were the oils, motion pictures, chemicals, and coppers. Other sections of the list were mixed or steady including steels, motors, and utilities.

Among lower stocks were Pennsylvania Railroad, Sinclair Oil, American Telephone, Kennecott Copper, American Cyanamid, Bethlehem Steel and Boeing.

Higher were New York Central, Standard Oil (NJ), Union Carbide, Youngstown Sheet & Tube and Goodrich.

Corporate bonds were quiet with some sections firm, U. S. government securities in the over the counter market were fairly steady.

## Police Chief Killed

FRANKENMUTH (AP) — Frank-enmuth Police Chief Nick Resnor, 31, was killed Sunday when a small plane he was riding in crashed in a hayfield as it took off near here.

His companion, Charles J. Ardussi, 28, of Birmingham, the plane's owner, was injured and reported in fair condition.

Millard said he decided to ask the contempt citation against Tre-main because "we can't sit idly by and let people get hurt."

**Pickets Jeer Workers**  
The strike was called 110 days ago by the CIA United Auto Workers Union in an attempt to enforce demands for a union shop, a dues checkoff and six paid holidays.

Police estimated 40 persons made it through jeering picket lines Thursday and Friday. The first day one non-striker's car, loaded with workers, was upset and windows bashed in on several other cars.

Tillie Coan, 42, of Kingsford, was knocked down by a non-striker's car Friday as she walked in the picket line. She was not seriously hurt.

Owen Pyle, president of the company, has indicated he may seek a new injunction against picketing strikers. This came after Gov. Williams refused Pyle's demands that state police clear an entrance to the plant.

Williams said state police were acting under his orders "to preserve law and order" and "not to act as strikebreakers."

Sheriff Pete Carlevato of Dickinson County said Pyle had demanded that he guard the homes of non-strikers in the twin cities of Iron Mountain and Kingsford but that he did not have sufficient manpower.

Carlevato also reported that strikers "nearly agreed" at a recent union meeting to return to work but balked when Pyle insisted he would not rehire 10 men he described as "trouble makers."

## Abiding World Peace Last Great Aim Of Churchill

(Continued From Page One)

Austria, particularly Germany. The three ministers seemed to have a choice: suggest that they meet with Russia's Foreign Minister Molotov or accept Churchill's idea and suggest a meeting between him, Eisenhower, Malenkov and Laniel.

On the day Dulles flew to London, the Swedish Academy was giving Churchill the Nobel prize for his writings and his oratory. His oratory was "scintillating," the academy said.

**Tries Out Oratory**  
That night, after both the announcement and the American secretary of state had arrived, Churchill had a chance to try out his oratory, at least in conversational form.

He had Dulles, Eden and Bidault in to dinner. And he had them back the next day for lunch before their three-day meeting began.

Apparently Dulles was unmoved by Churchill's call for a top level parley. For at the end of their meeting, instead of proposing a Churchill-Eisenhower-Malenkov-Laniel meeting—it would have been a surprise if they had—the three foreign ministers proposed:

That they—Dulles, Eden, Bidault—meet with Molotov to discuss unification of Germany an independence treaty for Austria, and son, way of bringing peace to the world.

History may show whether Churchill was right or wrong.

## Eisenhower Dedicates International Dam; Rips Totalitarianism

By ED CREAGH

FALCON DAM, Tex. (AP)—President Eisenhower dedicated a unique new international dam today and coupled it with a blast at the totalitarian state with "its pretense, its strut, its slander, its self-seeking."

"And," added he President, "its contempt for man himself."

Eisenhower's speech was prepared for delivery at dedication ceremonies atop Falcon Dam, the first project of its kind in North

America bringing two governments together to generate power, stop floods and irrigate farm lands. The dam is 75 miles down the Rio Grande from Laredo, Tex.

**Nations Live Peacefully**  
Joining Eisenhower in the dedication was Mexican President Adolfo Ruiz Cortines.

Eisenhower drew a moral from today's dam dedication, saying the United States and Mexico have managed to solve peacefully for many a year "such problems as elsewhere in the world have flared into bitterness and hostility."

The typical citizen of North America, said the President, is a lover of freedom and:

"He is, in yet deeper ways, a lover of freedom. He is profoundly aware of the ugly menace of totalitarianism, its gaudy promise and grim practice. He is particularly alert to that kind of aggressive totalitarianism today propagating the deadliest division—class against class, nation against nation, people against people. In his heart and his mind and his conscience, this man despises all the qualities and trappings of this totalitarianism: Its pretense, its strut, its slander, its self-seeking—and its contempt for man himself."

"And, finally, this man knows his own true source of strength: His own free, creative initiative—all the strength and dignity which are his own for someone else's—to chart his life. He knows that his own happiness and the healthy progress of his whole nation alike are to be won essentially by his own hands and his own brains."

President Cortines called for disarmament.

"There must be a climate of security and confidence that will result from a program of disarmament nobly conceived and honorably carried out," he said in his speech.

## Nixon In Australia

CAIBERRA, Australia (AP)—U. S. Vice President Richard Nixon arrived here today for talks with Australian leaders that are expected to range from trade questions to the possibility of a wider exchange of atomic information. He flew here from Melbourne.

## Car Overturns, Girl Is Bruised Saturday

Patrick J. Finlan Jr., 16, of Gladstone Rte. 1, lost control of his car Saturday night about 9:30 on Co. Rd. 414 in Soo Hill, Sheriff William Miron's office said this morning. The car left the partially wet pavement and traveled 125 feet on the right shoulder, then crossed the highway and overturned on the far shoulder, the sheriff's department said.

Joan Brazeau, 16, of Gladstone Rte. 1, a passenger, was taken to St. Francis Hospital. Her doctor said this morning her only injuries were bruises, and that she was scheduled for release from the hospital today.

The sheriff's department ticketed Finlan for reckless driving.

## Malays Speak Better English Than English

IPOH. Malaya (AP)—Malays speak better English than most English people, in the opinion of British author Alastair Alpin MacGregor, writer of more than 20 books on history, travel and biography.

"Nothing amazes me so much as the ease and facility with which Malaysians and other Eastern people have mastered the intricate English language," said MacGregor, who is here gathering material for a 10,000-word article on Malaya.

## Legion Will Plan Armistice Dinner

Plans for the annual Armistice Day dinner will be discussed at a meeting of August Mattson Post, American Legion, Monday evening at 8 at the Legion hall, Commander William Swenson announces.

The city of Cape Town, South Africa, almost literally grew from a package of seed, says the National Geographic Society. Remembering that vegetables from a salvaged seed packet had saved castaways there in 1647, the Dutch East India Company founded a colony in 1652 to raise fresh food for passing ships.

### Coterie

The members of the Coterie will meet at 3 on Tuesday afternoon at the home of Mrs. J. C. McGonagle, 814 Wisconsin Ave. Mrs. A. H. Miller will present a review of the book, "The Story of The Trapp Family Singers" by Maria Augusta Trapp.

## Vandals Damage New Clubhouse

Sometime during the last week or ten days vandals fired a number of shotgun blasts at the lock and hasp on the door to the clubhouse on the Gladstone Rifle and

Pistol Club range on the north bluff, it was discovered by Albert Mortier, president of the club, late last week.

While the would-be breakers failed to gain entry, the charge of pellets from the discharged shells tore holes in the door and the pellets marred many of the beautiful plywood panels which line the interior.

In addition to this someone fired several shots at the building with a rifle, breaking one window and tearing a hole in a wall panel.

Offering a reward for information leading to the arrest and conviction of the guilty party or parties is being considered.

## Mrs. Peterson Taken By Death

Mrs. Irene Peterson, widow of Ole Peterson, died Sunday afternoon at her home, 711 Minnesota Ave., following a heart attack. She was 65 years old.

For four years Mrs. Peterson taught school in Gladstone before her marriage in 1915 to Mr. Peterson, who died in 1947. He was a well known cement contractor and mason.

Born Oct. 23, 1887, in Oulvemark, Finland, Mrs. Peterson came to the United States with her parents in 1892 at the age of five. She taught in Gladstone from 1910 to 1914. Mr. and Mrs. Peterson were married in Gladstone July 25, 1915.

A past matron of Minnawasca Chapter No. 96, Order of the Eastern Star, Mrs. Peterson was also a member of the Women's Benefit Association and was by faith a Lutheran.

Surviving are one son, Norman, Gladstone High School teacher; one sister, Mrs. Stella Whitmore of Wetmore; three brothers, Oscar and Hugo Stolpe of Marquette and Henry of Chicago; and six nieces and four nephews.

The body is at the Kelley Funeral Home where friends may call. Funeral services will be held at 2 p. m., Tuesday in the funeral home with the Rev. Clifford Peterson, pastor of the First Lutheran church, officiating. Burial will be in Fernwood cemetery.

Members of the Minnawasca Chapter, O. E. S., will attend the rites as one group.

## Follow-Up On Lung Cancer Study To Start Next Month

The annual follow-up by the American Cancer Society on smoking in relation to lung cancer will begin about Nov. 1. E. Cuyler Hammond, director of the statistical research section of the society, has informed Manistique residents helping with the study.

The project was begun in January, 1952, under sponsorship of cigarette companies, and 394 selected counties in 10 divisions of the American Cancer Society obtained histories on the smoking habits of 204,547 men between the ages of 50 and 69. Of these, 36,166 were collected by researchers in the Michigan division.

The work in Schoolcraft County was under direction of Mrs. J. Joseph Herbert, former commander of the county cancer society. About 15 persons from this county helped make the survey of smokers.

**Follow-Up In 1952**  
Hammond reports the study was undertaken because a number of studies have shown that smoking may be an important factor in causation of lung cancer, and because death rates from lung cancer have been increasing at an alarming rate and are continuing to increase.

The statistical director reports that the society is not certain as to complete reliability of the evidence or the degree of association in the relation of smoking to lung cancer.

The first follow-up on the case histories collected was made in Nov., 1952 and the Michigan division successfully traced 99.9 per cent of the men originally questioned.

**Accuracy Amazing**  
"This was an accomplishment which simply amazed statisticians and epidemiologists who have had experience in attempting to trace patients discharged from hospitals," Hammond reports.

"If such good work can be repeated this year and next year, the study may be successfully completed soon than was expected," he stated.

Questioning such a large number of men was a remarkable feat, but even more satisfying was the quality of the work, Hammond states. A certain number of errors are to be expected, he said, but in this case 97 per cent of the questionnaires were usable and about 90 per cent were virtually perfect. It is doubtful whether paid, professional interviewers would have done as well, he stated.

## Chicago Driver Hits Tree; Wrecks Borrowed Car Here

A car owned by Charles Gola of Manistique was considerably damaged Thursday night when Joseph Origer of Chicago, who had borrowed it, failed to negotiate a curve on the Thunder Lake Rd., near the Indian River bridge, and hit a tree.

State police report Origer said he was blinded by lights of an oncoming car, in his lane, and went off the road and hit a tree. The car, damage to which is estimated at \$400, had been loaned to Origer while his was being repaired.

## Voting Turnout Good At M. H. S.

Manistique High School students chafed up an 87 per cent average in voting turnout in student elections last week and gave instructors concrete evidence that teaching of democracy in schools here is effective.

"From the time a student enters high school, we try to instill democracy, and we try to put across its principles in every class," Principal Carl Olson explains.

When students have large turnouts for elections, and have a number of candidates nominated for the offices, it shows they understand that democracy works when citizens participate, he notes.

There was no coercion to get students to vote, and the purely voluntary balloting was done in study halls, the principal said. On that particular day, some students did not have study halls, because it was a "laboratory day," but voted anyway.

Some students ran on slips in the election because class petitioners for their nominations failed to submit the petition before the deadline on the Friday preceding the election.

Freshmen in the school had the best voting turnout with 91 per cent of the student body casting ballots. Seniors were next highest with 87 per cent turnout. Both sophomores and juniors had 85 per cent of their class members voting.

Voting for student association officers was by 84 percent of the student body.

## Christian Western By Billy Graham Scheduled Here

A Christian western film, "Mr. Texas," produced by Billy Graham, will be shown free of charge in Manistique High School auditorium at 7:30 p. m., Thursday, Oct. 22, the Rev. A. Barton Brown has announced.

The film, first major production by the young evangelist, features Graham and his evangelistic team in a full-length color moving picture. Leading roles in the production, called the world's first Christian Western, are played by Redd Harper and Gindy Walker, professional western stars.

"Mr. Texas," which was produced as an experiment, has amazed religious leaders and motion picture authorities during its first year of showings. A record throng of 25,000 saw the film's preview in Hollywood Bown in 1951, and in 1952 an estimated three million saw it.

According to reports from the Graham film organization's office in Washington, D. C., about 85,000 viewers have made decisions to accept the Christian way of life.

The story of "Mr. Texas" revolves about the Billy Graham Crusade in Will Rogers Coliseum in Fort Worth, Tex. All of the Texas scenes in the movie were made at Fort Worth, and the rodeo scenes were made at Hardin Simmons University.

The rodeo features the world champion Mayo Rodeo Riders, and the famous Hardin Simmons cowboy band. Original music for the picture was composed by Cindy Walker and Redd Harper.

**Walter Moons Leave Sunday For England**

Mr. and Mrs. Walter Moon, 403 Walnut St., left Sunday morning for Montreal, Que., Can., enroute to England for an extended visit.

The Manistique couple will spend four days in Montreal and will board the Empress of Australia Thursday night. The boat is scheduled to dock Oct. 31 in Liverpool.

While in England, the Moons will visit in Leeds, birthplace of Mr. Moon, and also in London, with relatives and friends. In Leeds, they will see Mrs. Madge Brodick, a sister of Mr. Moon.

Later the couple will travel to the south of England, and possibly to France, Spain or Italy. They will return here next spring.

Mr. Moon last visited in England in 1921. Mrs. Moon visited there in 1939, shortly before war was declared.

## 'Stique Guard Is Inspected

Manistique National Guard armory, equipment, men and classes were inspected Friday night by Major James F. Perry, 5th Army headquarters, Chicago.

Accompanying the inspecting officer were Col. Leonard C. Ward, of Escanaba, battalion commander; Col. Raymond F. Horton Jr., of Lansing, represented the commanding general of the Michigan National Guard; Major Carleton W. Babb of Ishpeming, administrative officer for the 107th engineer battalion; and Sfc Aloysius Sever of Ishpeming, sergeant advisor for the battalion.

The armory building, vehicles and records were inspected in the afternoon, and Friday night Guardsmen were inspected in rank and questioned on military subjects and Guard organization. Classes in the carbine rifle, demolition and floating bridges also were inspected.

Men in Company D of the 107 Engineers here were paid in silver dollars after inspection for attendance at the guard summer camp, at the rate of \$2 per day. A total of 1,279 silver pieces, obtained from a Manistique bank, was distributed.

Reports of the inspection here are compiled by the inspecting officer and then relayed to 5th Army headquarters in Chicago, which in turn informs local companies of their inspection rating.

A critique was held here after the inspection with Capt. E. J. Doyle, company commander, and other Guard officers.

The Manistique National Guard has 46 officers and enlisted men.

## U-M Lecture Here Wednesday Will Be On Growth Curves

Growth curves and the "Three Rs" will be discussed Wednesday night in Manistique High School when Prof. Warren Ketcham of Ann Arbor presents the fourth in a series of five University of Michigan Extension lectures on problems of growing children.

Prof. Ketcham, who was born in Manistique, received his bachelor's, master's and Ph. D. degrees from the University of Michigan. His graduate work has been devoted to education, with specialization in child development.

Previously he has taught music at Reed City, Melvindale and Dearborn, and served three years as a U.S. army radar platoon sergeant in the United States, Australia, New Guinea and the Philippines.

From 1946 to 1949, Prof. Ketcham was assistant conductor of the Ann Arbor Civic Orchestra and in 1949-50 was research associate on a project on the teaching of citizenship, under sponsorship of the Palmer Foundation.

Since 1950 he has been educational psychologist for Ferndale public schools. He taught at the U-M in the summer of 1951 and 1952, and now is instructor in human development and associated with research and service programs in the U-M laboratory schools.

The lecture will begin at 7:30 p. m.

# High-Geared Marines Turn Back Esky 38-0

MARINETTE—The high-geared Marinette Marines smothered the Escanaba Eskymos 38-0 here Saturday night with a potent display of offensive and defensive strength.

Scoring their first touchdown at the three-minute mark in the initial period, the Marines added three more in the second and one each in the last two periods.

Although they drove for a total of seven first downs, the Eskymos were unable to penetrate past the Marinette 25-yard line. It was the sixth straight loss for Escanaba this season.

Left halfback Carl Sievert and fullback Jon Hanson with 90 and 69 yards respectively, led the Marine offense which ground out 232 yards on the ground and 65 yards through the air.

## Judson Leads Eskymos

Marshall Judson's 57 yard total was responsible for more than half of the Escanaba offense which gained 83 yards in both departments.

Escanaba opened the game with Dale Mankske taking Dan Kunesh's kickoff on his own three yard line and returning to the fifteen. Don Dahlin smashed to the 16 before Marinette's Roland Baumgarten recovered Judson's fumble on the 15 yard line.

Fullback Hanson smashed to the nine, Don Langlois to the six, and Sievert picked up a first down on the three. Hanson cracked off-tackle for the touchdown. Glen Bunda's try for the extra point was low, and Marinette led 6-0 with three minutes having elapsed in the game.

Kunesh's onside kick was recovered by Hanson on the Escanaba 40 yard line, and the Marines were in scoring position once more. Hanson broke loose for a first down on the 24, but a fumble in the backfield on the ensuing play by Sievert moved the ball back to the 38. Again Hanson exploded off-tackle and scampered into the end zone, but a clipping penalty on the 29 nullified the play and put the ball back to the 44.

## Big Second Period

Jim Ihler punted out of bounds on the 23 yard line. Judson and Dahlin made it a first down on the 37, and the two combined again to move the ball to the 43. Failing in three plays to pick up the needed yardage, Jim Beck

punted on fourth down to Sievert on the Marinette 20, and he returned to the 36.

Hanson sprinted to a first down on the 48, and carried twice more for a first down on the Eskymo 40. Don Langlois chalked up another Marine first down on the 30 as the first quarter ended.

Baumgarten fired to Sievert in the end zone, but the ball passed through his outstretched arms incomplete. Hanson moved to the 15, and Langlois skirted right end for the tally from that point. Bunda's attempt for the extra point missed, Marinette leading 12-0.

Taking the kickoff on the 25, Escanaba picked up three yards in three plays. Beck punted to Hanson on the Marinette 42, and he raced down the sidelines to the Esky 14 where Beck pushed him out of bounds. Sievert moved to the six, before John Berg slipped into the end zone to make it 18-0. Bunda again failed to convert.

## Escanaba Drives

It was here that the Eskymos put on their most determined drive of the evening. Taking the kickoff on the two yard line, they ground out four consecutive first downs, moving to the Marinette 29 yard line. Beck's pass to Judson eating up the big share of the yardage. The attack sputtered out here, however, and the Marines took over. Sievert grabbed the ball on the first play, danced through the Escanaba secondary to spin 71 yards for tally No. 4. Don Lund split the uprights and Marinette led 25-0, as the half ended.

Glen Petty returned Judson's kickoff starting the second half to the Marinette 43. The Marines moved to the Esky 19 in seven plays, from where Kunesh snared Baumgarten's fourth down pass in the end zone for the score. Lund's boot sailed wide, the score remained 31-0.

Escanaba moved the ball to their 49, but were forced to punt. Sievert taking it on the 19 yard line. A personal foul on Marinette moved the ball all the way back to the Marine 4 yard line. They drove out to the 16, before Ihler punted to Judson on the Esky 48.

## Score On Fumble

Judson carried to the Marine 44 as the quarter ended. But Beck was forced to kick when two pass plays failed, the ball being downed on the 17 yard line.

The Marinette team pushed for

three first downs to the Esky 36, before Bob DeMars fell on Langlois' fumble to end the threat. The Marines regained possession almost immediately, however, when Petty intercepted a Beck pass intended for Bob Bero on the 40. Four tries yielded just nine yards, and the Eskymos took over.

Dahlin moved to the 29, but a bad pass from center, over the head of Garry Gillespie, pushed the ball back to the 10 yard line. Beck fumbled on an attempted pass, and for the second time, the Marines had recovered a fumble deep in Esky territory as Wayne Hebert smothered the ball on the one foot line. Garry Martz pounded over for the final T.D. Lund's boot was good and the final score read 38 to 0 in favor of Marinette.

Time ran out on the first play following the kickoff.

# Burton Sparks Braves To 14-0 Grid Victory Over Stephenson Team

GLADSTONE—Two electrifying runs of over 50 yards by Halfback Bob Burton sparked the Gladstone Braves to a 14-0 victory over a stubborn Stephenson eleven at Marble Athletic Field Saturday afternoon.

The Braves close the season next Saturday against the Eskymos at Escanaba.

Burton's first long run set up the initial score early in the second quarter. Stephenson was forced to punt and Bratonia snagged it on the 25 and returned 15 yards to his own 40. With good blocking Burton swept left end and raced down the sideline to the goal but he stepped out of bounds on the 5. Left half Jim Bratonia skirted the other end for the 5 yards without a hand touching him and Dick Rivers boosted the placement that put the Braves out in front 7-0.

The next counter came within a few minutes of the start of the third quarter. An exchange of punts gave Gladstone the ball on its own 40. An offside penalty cost the Braves 5 yards and a fumble 6 more but a pass, Francis Peterson to Jack Beach, picked up the loss and an extra yard putting the ball on the 41.

Then on a play identical to the other, Burton skirted left end and down the sideline for 59 yards and a touchdown. Rivers again kicked the extra point from placement.

The Braves narrowly missed scoring on two other occasions. Once was in the opening period when a poor Stephenson punt went

out on their own 40. Pass interference was called giving the Braves a 1st down on the 20. Burton made 6, Bratonia one and Burton one and then Corbiel plowed through the middle for a firstdown on the 9. Corbiel in two tries went to the 1. Corbiel missed the pass from center and Stephenson recovered on the 10.

Roger Carlson almost duplicated his feat of a week ago on a pass interception near the close of the game. On their own 40 Stephenson passed and Carlson picked it out of the air at midfield and raced to the 20 before being forced out of bounds. A pass to John Quinn gained 5 to the 15 as the game ended.

Four major penalties were called during the game. Three were on the Braves, one for clipping and two for offensive holding.

# Spartan Backfields Wage Scoring Battle

By ROBERT E. VOGES

EAST LANSING (AP)—There was a contest within a contest going on in Macklin Stadium Saturday as Michigan State whipped Indiana 47-18 and ran away to its 28th consecutive football victory.

In addition to the Big Ten game between the Spartans and the Hoosiers, there was also an inter-squad battle for scoring honors between Coach Biggie Munn's first team and his so-called second stringers.

Starters Didn't Click  
Tom Yewic at quarterback, Leroy Bolden and Billy Wells at the halves and Evan Slonac at fullback started for the Spartans.

Surprisingly, this combination couldn't even pick up a first down in the first quarter and Indiana led 6-0 after quarterback Florian Helinski sneaked over from the one-foot line to cap a 29-yard drive.

"The first club just didn't do the job," said Munn afterward. "I had no choice except to pull them. It was the so-called second backfield sparked by Earl Morrall of Muskegon that put us on the right track."

Wells Gets Touchdown  
The second combination had Morrall at quarterback, Jim Ellis of Saginaw and Bert Zagers of Cadillac at the halves and Gerry Planutis at fullback.

The subs scored on the very first play the first two times they had the ball.

The tying touchdown came from a 17-yard zig-zag run along the sidelines by Ellis. On a 67-yard pass play, Morrall threw to Ellis Duckett on the Indiana 44 and Duckett went over.

The Homecoming crowd of 51,598 gave a standing ovation

when the second team trotted off the field.

Munn put his starters back in again and Wells supplied the pay-off by going over from two yards out.

The fastest harness horse in training today is the pacer Direct Rhythm who has a mile in 1:56 1/5 to his credit. His sire, Billy Direct, was the fastest of all harness horses with a mark of 1:55 for the mile.

# Lots Of Angles To Turpin-Olson Fight

By MURRAY ROSE

NEW YORK (AP)—England's Randy Turpin and San Francisco's Carl (Bobo) Olson meet for the middleweight championship Wednesday night in an international bout that has more puzzling angles than a dime detective story.

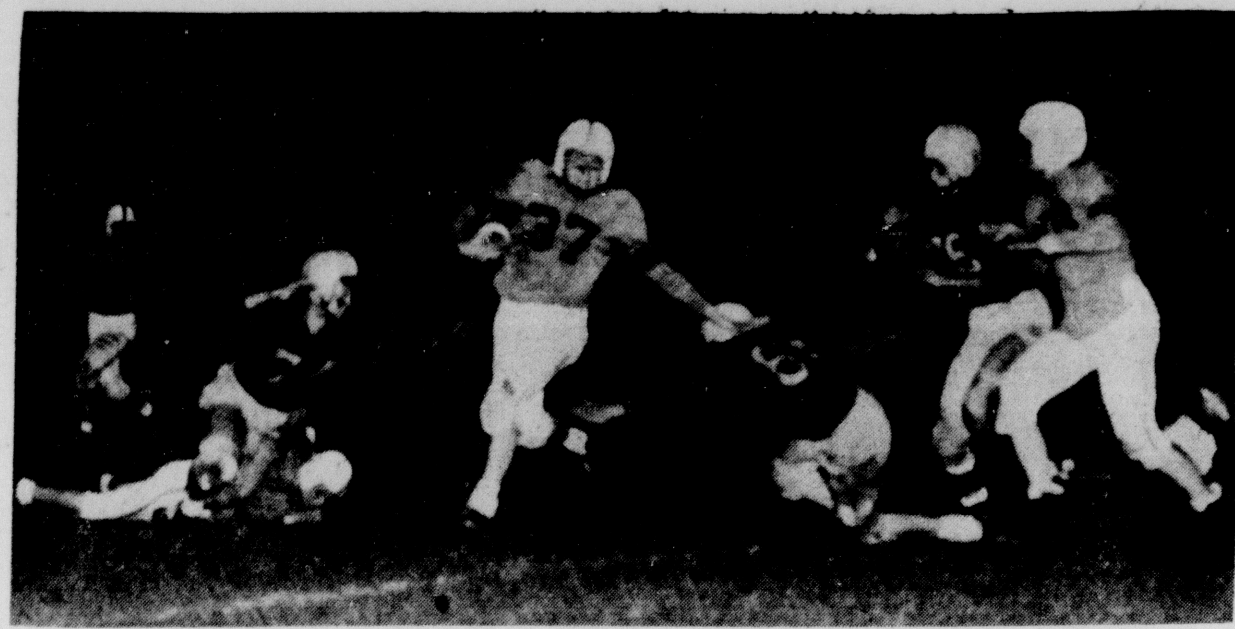

Here's Turpin, onetime conqueror of the great Ray Robinson and a former champion himself, rated a 2-1 underdog against the man who was stopped and beaten by Robinson.

Sure, Turpin was stopped by Sugar Ray in 10 rounds in their second fight but the strong invader seemed on his way to victory when Referee Ruby Goldstein halted the bout with eight seconds left in the round.

## Feel He's Slipped

The feeling, of course, is that the 25-year-old British Negro has slipped since fighting Robinson and that Olson has come along at a rapid rate.

But more than that is the Turpin's strange training procedure.

JUDSON GAINS GROUND—Eskymo Marshall Judson picks up five yards on this sweep before being tackled by Marinette's Jon Hanson and Roger Peters. Judson led Escanaba's run-

ning attack against the Marines who posted a 38-0 victory over the Eskymos at Marinette Saturday night. (Daily Press Photo)

# Panel Meets To Write New Rule

LANSING (AP)—A panel of educators and interested citizens today steps into the breach of a heated high school athletics controversy—the writing of a new "awards" rule.

The committee has been appointed by Dr. Clair L. Taylor, state superintendent of public instruction, to draft a substitute for the awards rule of the Michigan High School Athletic Association which was suspended recently by a legislative committee.

The committee plans a two day session.

The success of the committee in preparing a rule free from further controversy may determine whether dispute over the operations of the athletic association continues or dies.

There were even vague hints that the new rule might be applied retroactively to the cases of 10 prep school athletes who lost their eligibility for one year this fall because they violated the "awards" rule. They did so by accepting merchandising awards for competition in summer vacation sporting events.

# Soo Sextet Will Play In U.P. Hockey League

MARQUETTE (Special) — In addition to the defending champion Calumet Radars, colorful Portage Lakes Pioneers and scrappy Marquette Sentinels, hockey fans in the Escanaba area will have the opportunity of seeing a potent Canadian Soo sextet in action in Escanaba this coming season.

Although the Algoma sextet of Sault Ste. Marie, Ont., will not play a full league schedule because of the distance involved, it was agreed at a Northern Michi-

# Bates Ties For Scoring Honors

CHICAGO (AP)—Mickey Bates, half of Illinois' brilliant one-two ground gaining punch, has popped into a first-place tie with Ohio State's Bob Watkins for the Big Ten football scoring leadership.

When Bates scored two touchdowns in Illinois' 27-7 conquest of Minnesota it upped his personal total against conference and non-conference teams to 48 points. Watkins, who also has 48, scored one TD as the Bucks beat Penn 12-6.

Bates has scored at least one touchdown in every game.

J. C. Caroline, Illinois' other running wizard, is in a fifth-place tie with five other players, all of whom have 24 points.

Behind Bates and Watkins is Michigan's Tony Branoff, with 33 points, and Michigan State's Billy Wells, with 30. Tied with Caroline at 24 are Leroy Bolden, Michigan State; Dusty Rice, Iowa; Ted Kress, Michigan, and Jerry Weber Northwestern, Florian Helinski of Indiana has 23.

gan Hockey League meeting here yesterday afternoon that the Soo would make a swing around the circuit twice during the season. Also, arrangements will be made during the second half of the season for a home-and-home series with the Soo team.

## Outside Official

For the official league championship, it will still be Escanaba, Marquette, Calumet and Portage Lakes battling it out. In its third year, Escanaba's Hawks made their best showing thus far. They ousted Marquette in the semifinals and gave Calumet a four-game run for it in the best-of-five title series despite the loss of Burt Petaja, Jim Ogle and Buddy Provo for the championship games.

Representatives of all teams, including the Canadian 'Soo, yesterday agreed to hire an outside or neutral official for all league games. Each team will furnish a linesman for home games. President H. W. Ahlholm, of Marquette, is checking several prospects for the full season job of officiating all league games.

## Escanaba Meeting

The possibility of a six-team league went by the boards when Chum Running, of the Canadian Soo, announced that the American Soo Mohawks, who had contemplated joining the NM circuit with the Canadian sextet, had decided to join the Soo Algoma League with Thessalon, Blind River and Espanola. Eagle River, Wis., will not join the NM circuit this season, it was announced.

The Escanaba Hockey Association will meet at the Escanaba Elks Club at 4:30 p. m. Wednesday, Oct. 21, to make plans for the booster "feed" Wednesday, Nov. 4, programs and advance ticket sales.

# Sawchuk In Comeback Role At Tender Age

DETROIT (AP)—It's strange that Terry Sawchuk, at the age of 24, should be making a comeback with the Detroit Red Wings. But that he is, and the youthful goalie passed his first test in fine style.

Sawchuk returned to the hockey wars Sunday after missing three games with a slashed knee, and he blanked the fast-skating Montreal Canadiens, 4-0. The victory pushed Detroit past Montreal into first place in the National Hockey League.

## Was Flop Last Year

But it was more of an individual victory for Sawchuk who wants to make this his best season.

Last year, Sawchuk was a flop—and he's the first to admit it. The Red Wings, after fining the regular-season title in a breeze, failed dismally in the playoffs and Sawchuk took much of the blame.

A week ago Sawchuk was slashed in the knee and was forced to the sideline. An untested rookie, Dave Gatherum, was rushed up from the minor leagues. He did a spectacular fill-in job, allowing only three goals in three games.

## Missed Shutout

Gatherum missed a shutout Saturday night when Chicago scored with just four seconds to play. Detroit won, 2-1.

Then, last night, the Montreal Canadiens came to town. First place was at stake. And Sawchuk replaced Gatherum.

Moving quickly and surely, Sawchuk stopped 25 drives in a brilliant exhibition. The Wings scored in every period to make his job easy. The goal-getters were Marty Pavelich, Red Kelly, Gordie Howe and Dutch Reibel.

# Lions Did Everything But Win On Gridiron

By JOE FALLS

DETROIT —How can a football team roll up 23 first downs, 163 yards rushing and 263 yards passing—and still lose. And look bad doing it, too.

This was the frustrating performance turned in by the Detroit Lions in Briggs Stadium Sunday, when the Los Angeles Rams handed them their first defeat of the National Football League season, 31-19.

The Lions gained a total of 426 yards, rushing and passing, to the Rams' 391; made more first downs 23-18; completed more passes, 16-12, and even had a far better punting average, 45-34.

## Not On Paper

But this sport is still played on the field, and not on paper, and that's where the Rams excelled. Their tackling was sharp, and

their blocking was near perfect.

In short, the Rams looked like a class team while the Lions resembled a drowsy giant just awakened from a long slumber.

The Lions hadn't lost a league game since the middle of last season and probably had a letdown coming.

The loss dropped the Detroiters into a three-way tie for the Western Division lead along with Los Angeles and San Francisco. Each has a 3-1 record.

The Rams eased to a touchdown within three minutes Sunday, marching 65 yards in eight plays. Tank Younger, a bruising fullback, slammed across from the one-yard line.

The Lions drove 72 yards in seven plays and scored after 15 seconds of the second period on a 16-yard pass, from Bobby Layne to end Leon Hart. But the Lions then committed one of pro football's rarities — a missed extra point.

That took the snap out of the Lions.  
Norm Van Brocklin, a gifted passer, fired touchdown strikes of 45 and 40 yards and Woody Lewis, a demon fullback, raced 78 yards with a punt return for the Rams' other scores.

## Axel Anderson Gives Northern 19-18 Win Over Michigan Tech

MARQUETTE—Former Escanaba Axel Anderson gave Northern Michigan College its first gridiron victory over Michigan Tech since 1946 when he caught a pass for the extra point with 13 seconds left in the game as the Wildcats edged the Huskies 19-18 here Saturday night.

Marquette overcame an 18-0 margin to nip their Upper Peninsula rivals before a crowd of 4,000 fans at Memorial Field.

# Best Offensive Show Gives Pack 37-14 Win

GREEN BAY, Wis. (AP)—The Green Bay Packers put on their best offensive show of the year before the homefolk Sunday and swamped the Baltimore Colts, 37-14, for their first win of the National Football League season.

The Packers capitalized on three breaks to get rolling after three NFL losses. But only 18,713 fans were on hand to see them.

Two interceptions of Fred Enke passes and an Enke fumble set up three Packer touchdowns.  
Marv Johnson picked off an Enke aerial in the second period and ran it back 36 yards to the Baltimore 34. Babe Parilli climaxed the comeback by smashing over from the one.

# Three Unbeaten Teams Bid For Big Ten Title.

**By TOM BRANAGAN**  
CHICAGO (AP)—Unbeaten aspirants to the Big Ten football titles were three deep today as Illinois pushed pugnaciously up alongside Michigan State and Michigan.

And this powerful trio had to keep a wary eye on the doings of Wisconsin, a one-time loser which beat Purdue 28-19 in the conference opener for both teams.

All four teams can boast undefeated Big Ten records, although of the four Michigan State has been by far the most impressive.

## New York Giants Win Third Straight Game

TOKYO (AP)—The New York Giants today beat a picked team of Japanese professional baseball players 4-1 before 41,000.

It was the Giants' third victory in three starts on their 14-game exhibition tour of Japan.

Outfielder Jim Rhodes and shortstop Daryl Spencer homered for the Giants today, each with nobody on base. The National Leagueers picked up two more runs on a walk, a triple by right fielder Don Mueller, and an error.

The All-Stars collected only six singles off starting pitcher Jim Hearn, who worked seven innings, and Hoyt Wilhelm, who finished up.

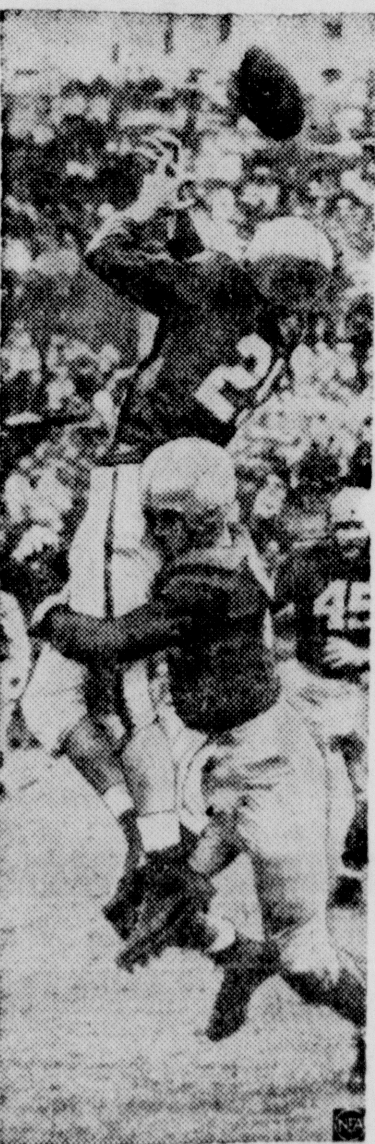

They bunched three in the fourth inning for their only run.

## Porterhouse Is Upset In Pimlico Futurity Running

**By JOHN CHANDLER**  
NEW YORK (AP)—The stunning defeat of Porterhouse in the \$70,000 Pimlico Futurity pointed up the fact today there still is no standout 2-year-old who can be rated winter book favorite for the 1954 Kentucky Derby.

Porterhouse, from Mrs. M. E. Person's Llangollen Farm, made a neat grab for the juvenile crown when he copped the \$117,000 Belmont Futurity Oct. 3. Then he let it slip from his grasp Saturday at Baltimore when Joe Gavagnano's Errard King made a runaway of the Pimlico Futurity. Errard King now has won six of eight races, but Saturday was his first start out of New Jersey.

The \$55,000 East View Stakes at Jamaica Wednesday may turn up a colt who will merit some

also has won four straight — two of them Big Ten games. Illinois has three wins, two of them in the conference, and a tie.

Wisconsin has won three all told but lost a non-league encounter with UCLA.

Coach Ray Eliot of Illinois still refuses publicly concede his boys anything beyond "hope for the first division" but the Illini, in trimming a good Minnesota team 27-7 Saturday, proved themselves definite title contenders.

**Bates Sets Pace**  
J. C. Caroline and Mickey Bates, Eliot's sophomore stars maintained the terrific one-two ground assault that humbled Ohio State 41-20 in leading the Illini attack against the Gophers. Bates rammed 16 yards for one touchdown and caught a 26-yard pass for another. Caroline skipped 49 yards for a TD in totaling 205 yards running.

Eliot feared last week's victory over Ohio State was merely a "flash in the pan" but he undoubtedly recognizes today that he has the makings of a champion. Nonetheless, when title possibilities for the Illini are mentioned he continues to scoff.

Michigan shows a tendency to drag tough situations. Had it not been for Duncan McDougal's fine passing eye — good for three touchdowns — the Wolverines could have been beaten by Northwestern instead of emerging with a 20-12 decision.

## Minor League Baseball Clubs Seek Law Changes

**By HAROLD V. RATLIFF**  
DALLAS (AP)—Texas League club owner Dick Burnett said today he thought real progress had been made toward getting changes in the baseball laws that will "give the minor leagues a chance to survive."

Burnett, owner of the Dallas club, called a meeting attended over the weekend by presidents and representatives of 23 minor leagues and representatives of six major league clubs. The minor leagues approved legislation that would give them a greater voice in the framing of baseball laws, bring about an unrestricted draft, pay the players part of their purchase of draft price, allow them to waive the draft, raise the price of the draft for the lower minors (Class B down to D), return restrictions to radio broadcasts and telecasts of major league games in minor league territory, and create a revised minor league agreement.

**Will Be Submitted**  
These amendments are to be submitted to the national baseball convention in Atlanta Nov. 30-Dec. 3, and Burnett said he was confident of their being accepted by the major leagues.

# Title Picture Clears Up In Pro Grid League

**By ORLO ROBERTSON**  
NEW YORK (AP)—The title picture in the Eastern Conference of the National Football League was much clearer today with Cleveland the only undefeated team. But not so in the Western Conference, where three teams were deadlocked for the lead, each with three victories and one setback.

Cleveland's Browns took undisputed command of the Eastern Division Sunday handing the Washington Redskins their first setback 30-14. But the Detroit Lions, 1952 champions, were dumped out of the unbeaten class by the Los Angeles Rams 31-19. And the San Francisco 49ers outscored the Chicago Bears 35-28. That left the Lions, Rams and 49ers tied for first place.

**Giants' First Win**  
In other games the New York Giants and Green Bay Packers came up with their first victories. The Giants beat the still winless Chicago Cardinals 21-7. On Saturday night the Philadelphia Eagles got out of the victoryless group by whipping the Pittsburgh Steelers 23-7.

The Western Conference race could be straightened out a little this weekend when the Lions travel to San Francisco. In their previous meeting a week ago, Detroit defeated the 49ers 24-21. The Rams play host to the Chicago Bears, who could prove troublesome off the scoring punch they showed Sunday.

The Browns will be in New York as the favorites but these two teams are famous for playing close, low scoring games and now that Steve Owen's boys have discovered they can score it may mean trouble for Otto Graham and his cohorts.

## Bears Had 21-0 Lead

The Bears took a quick 21-0

lead over the 49ers but that was all of their scoring until late in the game. After two Frisco touchdowns in each of the final two quarters, the 49ers had a 35-21 bulge. With their ace passer, Y. A. Tittle, sidelined by injuries, the 49ers depended mostly on the round eating shots of Joe Perry. Joe Arenas and Hugh McElhenny. Chuck Conerly let loose with a 60-yard pass to Ray Pelfrey and set up another touchdown with two long heaves as the Giants made their home debut before 30,301 spectators. Coherly completed 10 of 15 aeriels for 174 yards.

A crowd of 18,713 saw the Packers cash in on three breaks at the expense of Fred Enke in beating the Baltimore Colts, 37-14. Five backs shared Green Bay scoring honors.

# Orange Bowl Picks Conference Entries

MIAMI, Fla. (AP)—November's wild scramble for bowl football teams was rapidly becoming a thing of the past today as the Orange Bowl entered into a pact with the Big Seven and Atlantic Coast conferences to supply its teams for the next two years.

Oklahoma and Maryland are strong favorites to dominate the two leagues and meet here New Year's Day in the first game under the agreement.

## Three Berths Open

The Orange Bowl action, long expected, leaves only three major bowl berths open for competitive bidding—two in the Sugar Bowl at New Orleans and one in the Cotton Bowl at Dallas.

Only the Sugar Bowl still selects both teams at random. The Cotton Bowl picks one at large to meet the Southwest Conference champion. The Rose Bowl is a closed corporation, matching teams from the Big Ten and Pacific Coast conferences.

## The Field from which the Sugar and Cotton bowls can choose was severely restricted by the Orange Bowl's success in tying up the Big Seven and Atlantic Coast groups.

Among the major conferences,

only the Southeastern still is wide open for bowl bids. The Southwest Conference runner-up is available and after that the choice is limited to the independents. The No. 1 independent, Notre Dame, last week squelched reports that it might reverse a long-standing policy against postseason games and take a Sugar Bowl bid.

The Atlantic Coast Conference was formed this year by teams which bolted the Southern Conference because of its ban on bowl games. Its members are Maryland, Clemson, Duke, North Carolina, Wake Forest, North Carolina State, South Carolina and Virginia.

The Big Seven is made up of Oklahoma, Missouri, Nebraska, Kansas, Colorado, Kansas State and Iowa State.

# Most-liked low-priced car

... among people who want more for their money when they buy ... and more money when they sell

There's a big reason why more folks are buying more Fords than ever before. No other low-priced car offers so many of the things people want and need for today's driving. In fact, to get such "Worth More" Ford features as a V-8 engine, completely automatic transmission and fine-car power steering in any other car, you'd have to step well up from the low-price field.

Of course, Ford owners will discover that Ford's worth more when they sell it, too. Surveys of used car prices show year-old Fords returning a higher proportion of their original cost than any other car.

# because it's most like high-priced cars

... more and more people are considering Ford as the one fine car in the low-price field!

It's hard to believe that a car which is built like the finest still sells in the low-price field. Yet a Ford with its huiltight Crestmark body, its Full-Circle Visibility (most in its field), its new fine car ride and roomy luggage locker (roomiest in its field) delivers at a figure that keeps it right down in its price class.

Ford's the only low-priced car which offers you a choice of a completely automatic transmission (Fordomatic), Overdrive or Conventional Drive. And Ford Master-Guide, available on all V-8 models, is the last word in power steering ... makes turning up to 75% easier, yet retains the natural feel of the wheel on the straightaway.

See ... Value Check ... Test Drive the Ford of your choice at your Ford Dealer's. Find out why Ford is America's "Worth More" car.

# Caterers To Capital Society Too Busy To Count Their Cash

FANCY SPREAD FOR AN EMBASSY PARTY in Washington gets a last-minute inspection from Pierre Orcino (right) of Avignone Freres caterers, whose customers include the Soviet embassy.

By PATTI SIMMONS  
WASHINGTON —(NEA)—Two of Washington's top caterers are having the biggest party-boom in their history.

Huberts, in business a half a century, declare "there's never been anything like it." Ditto Avignone Freres who have dished up high-society delicacies here for 30 years. Customers of the latter outfit include the Russian embassy, Perle Mesta and Gwen Cafritz.

Clarence Ellis, who runs Ridgewell caterers, says he's been too busy to stop and add up the money.

The Society page barometer for September alone recorded 71 official, diplomatic and service set events in 30 days—or 25 receptions, 15 cocktail fetes, 17 dinners, 11 luncheons, plus a tea, a dance and one roast pig party to celebrate the Chinese Moon Festival.

Responsible, at least partly, for this party cyclone were the visits of the President of Panama, the Crown Prince of Japan and the invasion of the Finance Ministers for the International Bank and

Monetary Fund conclave. Secretary of the Treasury and Mrs. George Humphrey took one look at the guests, tabulated in the neighborhood of 7000, at the reception they tossed for a convention of American bankers and gave up handshaking after 45 minutes.

October got off to a roaring start, with functions galore posted for the King and Queen of Greece, plus President Eisenhower's gala birthday doings at Hershey, Pa., and Gwen Cafritz's first party of the season.

Owner of Avignone Freres, Pierre Orcino points out a new

trend in embassy entertaining which is getting worse. Back about five years ago, a caterer often got two or three weeks' notice when he was expected to stage a diplomatic clambake.

Today, Orcino reveals, a lot of countries are planning their parties only two or three days ahead of time. He blames "global tensions."

A check on the cabinet party-pulse shows the couple which has done the most entertaining since the Republicans took over is Secretary of State and Mrs. John Foster Dulles.

They chalked up 13 dinners between February and May alone. Besides these black-tie events, the Secretary of State is tossing his own stag dinners while Mrs. Dulles goes in for small ladies' teas.

Getting into the Republican dinner swim, however, can work havoc with the budget. One caterer quotes \$25 a head for serving up the complete eight-course-works to 20 guests. Besides soup, fish, filet mignon and such, your \$500 dinner tab thoughtfully includes liquor, flowers, waiters and dishwashers. When an embassy takes on 1000 free-loaders on their national holiday all they've got to do is write out a check to the tune of about \$3,000.

For this it's up to the caterer to produce a batch of turkeys or hams, probably 17 gallons of macaroni, 10 gallons of shrimp,

1500 canapes, 1000 or more small pastries, 40 gallons of ice cream, plus napkins, glasses, china, waiters, bartenders and moppers-up. But embassy menus aren't nearly so extravagant today, one caterer observes, as when Uncle Sam's lend-lease was in operation. Then an ambassador never kicked at a \$4,000 bill for one reception. Today the first question a diplomat usually discusses is price.

## Still Demand For Horseshoe Nails

HARTFORD, Conn. (AP)—The Capewell Manufacturing company, once known as the Capewell Horse Nail company, reports that its horse nail production dropped 90 per cent between 1915 and 1950. Nevertheless, it still turns out annually a million pounds of horse nails in hundreds of styles. Biggest demand for them come from the South, Southeast and Far West.
